NHTSA Recall No. 25V840

This notice applies to your vehicle(s) appearing on the attached list

January 2026

This notice is sent to you in accordance with the *National Traffic and Motor Vehicle Safety Act*.

Micro Bird has decided that a defect which relates to motor vehicle safety exists in certain 2022-2025 T-Series, 2022-2025 MBII and 2021-2026 G5 school vehicles equipped with a Spheros air conditioning system mounted on the ceiling.

So that we can notify you of recalls affecting your vehicle(s), it is important that you inform us of any change or error in your mailing address, vehicle ownership or status. Please send the completed form at the bottom of this letter to recall@microbird.com using Address/Ownership Change in the Subject area.

In certain school vehicles, the power cable alimenting the air conditioning control board may have a loose connection to the power stud on the board.

If the connection of the power cable is loose, there may be a localized excessive heat dissipation, that may cause the control board to melt, increasing the risk of a fire.

To complete this recall,

Locate the unit(s) in your fleet that appears on the attached List of Recalled Vehicles and contact a **Micro Bird dealer** to make an appointment to have your vehicle(s) corrected. The correction consists in securing the connection of the power cable to the control board. Visit <https://www.microbird.com/dealers> to locate a Micro Bird dealer near you.

Micro Bird Corporation will reimburse labor to mitigate this recall, but it will be your responsibility as owner to contact a Micro Bird dealer to have the defect corrected. **We evaluate that it should take 12 minutes (0.2 hour) to correct each vehicle.**
