REPLACE CERTIFICATION LABEL

Remove existing label

1. The location of the certification label will be on the front off door side of the fifth wheel travel trailer.
2. Remove the existing label. Using isopropyl alcohol and a shop rag, remove any adhesive residue from the surface where the original label was removed.
 - a. Allow the area to dry for at least 30 seconds.

The certification label below is only an example of the label you are to replace.

Apply new label

1. Remove the protective back from the new label. Align the new label in the same location of the original label and apply it to the surface. Remove any air bubbles from the label.
 - a. **Note:** Do not attempt to remove or adjust the label once it has touched the surface. Doing so may damage the label or cause it not to adhere properly to the surface.

If a label is damaged or will not properly adhere to the surface, please request a new label at compliance@jayco.com and we will send a new label.
