

# F/CMVSS Noncompliance Recall

## N252492340 Owner's Manual Head Restraint Information

**Release Date:** March 2025

**Revision:** 00

**Attention:** It is a violation of Federal law for a dealer to deliver a new motor vehicle or any new or used item of motor vehicle equipment (including a tire) covered by this notification under a sale or lease until the defect or noncompliance is remedied.

All involved vehicles that are in dealer inventory must be held and not delivered to customers, dealer traded, or used for demonstration purposes until the repair contained in this bulletin has been performed on the vehicle.

For EV Involved Vehicles: The repairs outlined in this bulletin must only be completed at an authorized EV dealer and repairs must be performed by a technician who has successfully completed the applicable technical training required to perform this repair.

Make	Model	Model Year	
		From	To
Cadillac	LYRIQ	2025	2025

Investigate Vehicle History (IVH) in the GM Global Warranty Management system should always be checked to confirm vehicle involvement prior to beginning any required inspections and/or repairs.

<b>Condition</b>	General Motors has decided that certain 2025 model year Cadillac LYRIQ vehicles fail to conform to Section S4.7.2 of Federal Motor Vehicle Safety Standard (FMVSS) No. 202a, "Head restraints" and S4.7.2 of Technical Standards Document (TSD) No. 202 of Canada Motor Vehicle Safety Standard (CMVSS) No. 202 "Head Restraints. The description of the rear outboard head restraints in the owner's manual is inaccurate. Occupants may not understand how to properly adjust the head restraints, increasing the risk of injury in a crash.
<b>Correction</b>	Owners will be mailed owner's manual inserts containing corrected information required by FMVSS 202a/CMVSS 202. For vehicles currently on dealer lots, dealers will include the insert prior to delivery.

### Parts

No parts are required.

### Warranty Information

Labor Operation	Description	Labor Time	Trans. Type	Net Item
9107892	Print and Install Owner's Manual Insert(s)	0.1	ZFAT	N/A

### Service Procedure

1. Print the appropriate language Owner's Manual Insert(s) for your service area.
2. Locate the Owner's Manual or Essential Operating & Safety Information (EOSI) Manual.
3. Install the Owner's Manual Insert(s) into the Owner's Manual or EOSI Manual.

NOTE: Dealers located in Canada are to place copies of both the English and French language insert into the vehicle.

### Innstikk til 2025 Cadillac LYRIQ Instruksjonsbok

*Denne informasjonen erstatter informasjonen under "Hodestøtter" i avsnittet Seter og sikkerhetsutstyr i instruksjonsboken.*

#### **Bakseter**

##### **Justering av hodestøtte bak**

Baksetene i bilen har justerbare hodestøtter på alle tre seteplasser.

25CADLYRINS1\_NO

Høyden på hodestøtten kan justeres.

Trekk i hodestøtten for å heve den. Prøv å bevege på hodestøtten for å forsikre deg om at den er låst på plass.

Når du skal senke hodestøtten, trykker du på knappen oppå seteryggen, og skyver hodestøtten ned. Prøv å bevege på hodestøtten etter at du har sluppet knappen, for å forsikre deg om at den er låst på plass.

Juster alltid hodestøtten slik at toppen av støtten har samme høyde som toppen av hodet på den som sitter i setet.

Hodestøttene bak kan ikke fjernes.

## N252492340 Owner's Manual Head Restraint Information

### Dealer Responsibility – For USA & Export (USA States, Territories, and Possessions)

It is a violation of Federal law for a dealer to deliver a new motor vehicle or any new or used item of motor vehicle equipment (including a tire) covered by this notification under a sale or lease until the defect or noncompliance is remedied.

The US National Traffic and Motor Vehicle Safety Act provides that each vehicle that is subject to a recall of this type must be adequately repaired within a reasonable time after the customer has tendered it for repair. A failure to repair within sixty days after tender of a vehicle is prima facie evidence of failure to repair within a reasonable time. If the condition is not adequately repaired within a reasonable time, the customer may be entitled to an identical or reasonably equivalent vehicle at no charge or to a refund of the purchase price less a reasonable allowance for depreciation. To avoid having to provide these burdensome remedies, every effort must be made to promptly schedule an appointment with each customer and to repair their vehicle as soon as possible. In the recall notification letters, customers are told how to contact the US National Highway Traffic Safety Administration if the recall is not completed within a reasonable time.

### Dealer Responsibility – All

All new, used, GM Certified Pre-Owned (CPO), courtesy transportation vehicles, dealer shuttle vehicles, CarBravo, etc. in dealers' possession and subject to this recall must be held and inspected/repaired per the service procedure of this bulletin before customers take possession of these vehicles. Involved vehicles must be held and not delivered to customers, dealer-traded, released to auction, used for demonstration, or any other purpose.

All GM Certified Pre-Owned (CPO) vehicles currently in the dealers' inventory within the SHIFT Digital system will be de-certified and must be held and remedied per the service procedure in this bulletin. Upon submitting an accepted/paid warranty transaction in the Global Warranty Management (GWM) system, the vehicle can be re-certified for sale within the SHIFT Digital system, or once again be used in the Courtesy Transportation Program.

Dealers are to service all vehicles subject to this recall at no charge to customers, regardless of mileage, age of vehicle, or ownership, from this time forward.

Customers who have recently purchased vehicles sold from your vehicle inventory, and for which there is no customer information indicated on the dealer listing, are to be contacted by the dealer. Arrangements are to be made to make the required correction according to the instructions contained in this bulletin. Recall follow-up cards should not be used for this purpose, since the customer may not as yet have received the notification letter.

In summary, whenever a vehicle subject to this recall enters your vehicle inventory you must take the steps necessary to ensure the program correction has been made before selling the vehicle. In addition, for vehicles entering your facility for service, you are required to ensure the customer is aware of the open recall and make every reasonable effort to implement the program correction as set forth in this bulletin prior to releasing the vehicle.

### Dealer Reports – For USA & Export

For dealers with involved vehicles, a listing has been prepared and will be available through GM Global Connect Maxis Field Action Reports or sent directly to export dealers. The Inventory tab of the dealer reports will contain VINs that apply to this recall. This information is intended to assist dealers with the **PROMPT COMPLETION** of these vehicles. The Customer In-Service tab will contain customer names and addresses from Motor Vehicle Registration Records. The use of such motor vehicle registration data for any purpose other than follow-up necessary to complete this recall may be a violation of law in several states.

### Customer Notification

USA & Canada - General Motors will notify customers of this recall on their vehicle.

Export - Letters will be sent to known owners of record located within areas covered by the US National Traffic and Motor Vehicle Safety Act.

GM bulletins are intended for use by professional technicians, NOT a "do-it-yourselfer". They are written to inform these technicians of conditions that may occur on some vehicles, or to provide information that could assist in the proper service of a vehicle. Properly trained technicians have the tools, equipment, safety instructions, and know-how to do a job properly and safely. If a condition is described, **DO NOT** assume that the bulletin applies to your vehicle, or that your vehicle will have that condition. See your dealer for information on whether your vehicle may benefit from the information.

**We Support  
Voluntary Technician  
Certification**
