

# WARRANTY BULLETIN

**TO:** Dealer Principal, Service Manager,  
Service Advisor and Warranty Claims  
Administrator

**NO:** D-26-06  
**DATE:** March 5, 2026

**SUBJECT:** (XU1) High Voltage Battery  
Pack - Select 2021 - 2025 Jeep Wrangler  
(JL) and 2022 - 2026 Jeep Grand  
Cherokee/ Grand Cherokee (WL) (Rev. A)

**FOR:** All U.S. Dealers  
All U.S. Business Centers

\*\*\*\*\*Revisions are noted in RED\*\*\*\*\*

## PURPOSE:

To announce a warranty extension on the **High Voltage Battery Pack** on the following select vehicles:

- 2021 - 2025 Jeep Wrangler (JL)
- 2022 - 2026 Jeep Grand Cherokee/ Grand Cherokee (WL)

## Affected Vehicles:

This warranty extension bulletin applies only to the following select vehicles:

- Vehicles equipped with a 2.0L I4 DOHC DI Turbo PHEV Engine (Sales Code ECX).

**NOTE:** This warranty extension coverage period is **Unlimited years / Unlimited miles from the vehicle's In-Service Date**. However, after the point at which the High Voltage Lithium-Ion Limited Warranty expires by time and mileage, and this extended limited warranty takes effect, FCA US reserves the option to limit the maximum coverage amount to the total cost of replacement of the High Voltage Battery Pack, or the cash value of the vehicle prior to the illumination of the Diagnostic Trouble Codes (DTCs) identified below, whichever is less. The cash value of the Vehicle will be the **RETAIL VALUE** as determined using the current NADA Used Car Pricing Guide, taking into consideration the location, mileage and condition of the vehicle. If the NADA guide is not available, we will use any other nationally published vehicle valuation guide to determine the **RETAIL VALUE**.

We are extending the warranty period on the High Voltage Battery Pack because some of the vehicles within the above referenced population may experience a Malfunction Indicator Lamp (MIL) illumination and the vehicle may exhibit one or more of the following Diagnostic Trouble Codes (DTCs):

- P0DAB-00 – Hybrid/EV Cell Balancing Performance
- P0BBE-00 – Hybrid Battery Pack Voltage Variation
- P1C5E-00 – Battery State of Health Failed
- P0B24-00 – Hybrid/EV Battery "A" Voltage Unstable
- P0B28-00 – Hybrid/EV Battery "B" Voltage Unstable

**NOTE:** • Any warranty qualifying issues outside of these specific DTCs will continue to be covered per the HV battery standard warranty coverage.  
• Battery packs may contain cells with separator damage.

## TIMING:

Effective Immediately

## ACTION:

Always check DealerCONNECT or WiADVISOR VIP to verify if a vehicle is involved in a warranty extension. A vehicle involved in this warranty extension will display an **(XU1) HV Battery Pack** message in VIP. If no (XU1) coverage message displays in VIP, the vehicle is not in the scope of this warranty extension and no further action is required on your behalf.

All technicians are required to familiarize themselves with Technical Service Bulletin 08-072-26 before replacing the High Voltage Battery Pack on select vehicles. This Technical Service Bulletin has been released to assist all dealers in the proper diagnosis and replacement of the High Voltage Battery Pack.

The Global Claim System (GCS) will honor the warranty extension coverage on the labor operation number(s) in the Service Bulletin.

Refer to Technical Service Bulletin 08-072-26 for Part and LOP information.

A copy of the generic owner letter is attached to this bulletin.

## ADDITIONAL INFORMATION:

If a customer has already experienced this specific condition and paid to have it repaired, please direct them to [www.fcarecallreimbursement.com](http://www.fcarecallreimbursement.com) to submit their reimbursement request online. Customers can also mail their original receipts and / or other adequate proof of payment to the following address for reimbursement consideration:

FCA US LLC Customer Care  
P.O. Box 21-8004  
Auburn Hills, MI 48321-8004  
Attention: Reimbursement

Customers with questions or concerns about this issue are advised to contact their dealership. In the event further assistance is necessary, customers should be advised to contact Customer Care at the following.

- Jeep Brand Vehicles: 1.877.426.5337 or 1.877.IAM.JEEP

**Please ensure all affected dealership personnel are aware of this bulletin.**

Dear (Name):

This letter is to inform you that the High Voltage Lithium-Ion Limited Warranty on your vehicle's High Voltage Battery Pack has been extended, with certain additional terms. The warranty on the High Voltage Battery Pack that applies to certain [2021 - 2025 Jeep Wrangler and 2022 - 2026 Jeep Grand Cherokee/ Grand Cherokee] vehicles will be extended beyond the current time and mileage limitations to Unlimited Time/Unlimited Miles. However, after the point at which the High Voltage Lithium-Ion Limited Warranty expires by time and mileage, and this extended limited warranty takes effect, FCA US reserves the option to limit the maximum coverage amount to the total cost of replacement of the High Voltage Battery Pack, or the cash value of the vehicle prior to the illumination of the Diagnostic Trouble Codes (DTCs) identified below, whichever is less. The cash value of the Vehicle will be the RETAIL VALUE as determined using the current NADA Used Car Pricing Guide, taking into consideration the location, mileage and condition of the vehicle. If the NADA guide is not available, we will use any other nationally published vehicle valuation guide to determine the RETAIL VALUE.

We are extending the warranty period on the High Voltage Battery Pack because some of the vehicles within the above referenced population may experience a Malfunction Indicator Lamp (MIL) illumination and the vehicle may exhibit one or more of the following Diagnostic Trouble Codes (DTCs):

- P0DAB-00 – Hybrid/EV Cell Balancing Performance
- P0BBE-00 – Hybrid Battery Pack Voltage Variation
- P1C5E-00 – Battery State of Health Failed
- P0B24-00 – Hybrid/EV Battery "A" Voltage Unstable
- P0B28-00 – Hybrid/EV Battery "B" Voltage Unstable

**NOTE: Battery packs may contain cells with separator damage.**

If you are experiencing this condition now, or if you experience it in the future, simply contact your dealer to have the appropriate repairs performed. **Conversely, if you do not experience this condition, then your High Voltage Battery Pack is operating correctly and no repair is necessary.**

If you have already experienced this condition and previously paid for a repair, you may be eligible to receive a reimbursement. Visit [www.fcacallreimbursement.com](http://www.fcacallreimbursement.com) to submit an online reimbursement request. You may also complete the enclosed Customer Reimbursement Claim Form and send your original receipts, invoices and/or repair order to the following address for reimbursement. Your claim will be acted upon within 60 days of receipt:

FCA US LLC Customer Center  
P.O. Box 21-8004  
Auburn Hills, MI 48321-8004  
Attn: Reimbursement

If you have questions or need any assistance, please contact your dealer or the FCA US LLC Customer Care. FCA US LLC Customer Care is available 24 hours a day / 7 days a week. They can be reached at: 1-877-426-5337 or (1-877-IAM-JEEP).

Please keep this letter in your glove box along with your vehicle's other warranty information for future reference if necessary. This warranty extension applies only to the High Voltage Battery Pack condition described above; the other terms and the "What's Not Covered" items of your warranty remain the same as stated in your Warranty Information book.

FCA US LLC is taking this action to demonstrate its commitment to your continued satisfaction.  
FCA US LLC
