Details of the Recall

The passenger's side Curtain Airbag (CAB) inflator on your vehicle may rupture, resulting in compressed gas rapidly escaping from the inflator and material, such as headliner or trim pieces, being propelled into the vehicle. Material being propelled into an occupied vehicle may cause injury.

FCA US LLC will repair your vehicle free of charge (parts and labor). To do this, your dealer will replace the passenger's side CAB. The estimated repair time is 3 hours. In addition, your dealer will require your vehicle for proper check-in, preparation, and check-out during your visit, which may require more time.
