Details of the Recall

The Curtain Airbag (CAB) inflators on your vehicle may rupture, resulting in compressed gas rapidly escaping from the inflator and material, such as headliner or trim pieces, being propelled into the vehicle. Material being propelled into an occupied vehicle may cause injury.

FCA US LLC will repair your vehicle free of charge (parts and labor). To do this, your dealer will replace both CABs. The estimated repair time is 3 hours. In addition, your dealer will require your vehicle for proper check-in, preparation, and check-out during your visit, which may require more time. Your time is important to us, so we recommend that you schedule a service appointment to minimize your inconvenience. Ask your dealer for alternate transportation options while your vehicle is in service.
