With Federal Law

IMPORTANT SAFETY RECALL

NHTSA Recall Number: 25V122

Orange EV Recall Number: 2025-SRC-01 (Interim Notice 2025-SRC-01I)

INTERIM NOTICE

We are currently preparing the remedy. You will be notified again once it is available.

Dear «Bill_Cust_Name»

This notice applies to your vehicle: «Truck_VIN»

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Orange EV (OEV) has decided that certain 2023-2024 HUSK-e XP terminal trucks fail to conform to Federal Motor Vehicle Safety Standard (FMVSS) No. 120, "Tire selection and rims". The tires and rims installed are not sufficient for the vehicle and may increase the risk of a crash.

Our records indicate that you are the current owner of a vehicle affected by this action.

What is the Condition?

The posted rear Gross Axle Weight Rating (GAWR) on the federal placard of subject vehicles is incorrect, and the installed tires and rims may be inadequate. The tires are intended for industrial use and were not certified to meet the requirements of FMVSS 120. Because the rims have a maximum load rating of 11,025 lbs., the actual rear GAWR is less than what is posted on the vehicle's certification label.

What will Orange EV do?

Orange EV is currently preparing the remedy for this issue. When available, the remedy will involve the installation of FMVSS 120 compliant front and rear tires and the application of an updated federal placard with the correct GAWR rating **FREE OF CHARGE** to you.

What should you do?

Until your vehicle has been remedied, please follow the instructions below:

DO NOT EXCEED SPEEDS OF 25MPH AND LIMIT 5TH WHEEL PIN WEIGHT LOADS TO LESS THAN 44,000 LBS. UNTIL A REMEDY IS AVAILABLE!

We appreciate your patience while we prepare the remedy. We will notify you again when the remedy is available. Your Regional Service Supervisor will be more than happy to answer any of your questions.

What if you are not the owner or operator of this vehicle?

If you are a vehicle lessor, Federal Law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

If you know the current owner or operator, please forward this letter to them.

If you would like to update your vehicle ownership or contact information, please call the Orange EV customer service line at 1-866-688-5223.

If you believe that Orange EV has failed or is unable to remedy the defect within a reasonable time or without charge, you may submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue S.E., Washington, D.C. 20590, or call the toll free Vehicle Safety Hot Line at 1-888-327-4236 (TTY: 1-800-424-9153), or go to <http://www.safercar.gov>.

If you have any questions, please contact your Regional Service Supervisor or call the Orange EV customer service line at 1-866-688-5223.

We are committed to providing the highest-quality and best-value trucks. We sincerely regret any inconvenience this condition may have caused you.

Thank you for choosing Orange EV.

Sincerely,

Orange EV
