

**IMPORTANT SAFETY RECALL  
NHTSA Recall 25V-719**

This notice applies to your vehicle, [REDACTED]

MARCH 2026

Dear Customer,

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

**WHAT IS THE CONDITION?**

Isuzu Motors Limited has decided that a defect, which relates to motor vehicle safety, exists in certain 2022-2026MY FVR vehicles. In the affected vehicles, the front stabilizer bar brackets may break due to excessive stress on the stabilizer bar brackets and mounting studs, which may lead the front stabilizer bar to detach from the vehicle, **creating a potential road hazard and risk to motor vehicle safety, increasing a risk of a crash.**

This notice is to inform you that we have implemented an interim inspection procedure while the recall remedy is being finalized. Please note this interim inspection **does not** replace the need for the recall repair once it is available.

In the foreseeable future, you will receive another notice when the final recall remedy can be serviced by your local Isuzu dealer.

**INTERIM INSPECTION**

REMEDY PARTS ARE NOT CURRENTLY AVAILABLE for this recall. **When parts become available, we will send you another letter asking you to take your vehicle to your Isuzu dealer to have your vehicle remedied.** Until then, a daily pre-drive visual inspection of the front stabilizer bar components is recommended to help identify any visible conditions that may require service. An instructional video demonstrating this inspection process is available by scanning the below QR code.

If any missing, loose or damaged front stabilizer components are identified, please contact Isuzu's Roadside Assistance at 1-866-441-9659 to have your vehicle towed to the nearest Isuzu certified dealer for next steps. If no missing, loose or damaged parts have been identified during the daily inspection, the vehicle may be operated as normal until the recall remedy is available.

To locate the nearest Isuzu dealer, you can visit our website at [www.isuzucv.com](http://www.isuzucv.com) or contact our Customer Relations Department at the number listed below.
