This notice applies to your [Model Year] Hyundai Sonata vehicle, VIN: XXXXXXXXXXXXXXXXXXXX

Dear <FirstName LastName,>

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Hyundai has decided that a defect, which relates to motor vehicle safety, exists in certain **2020 – 2023 model year Sonata** vehicles equipped with 1.6L turbocharged engines. Hyundai is initiating Safety Recall 286 to address a condition involving the **Fuel Tank**. Our records indicate that your vehicle, with the VIN listed above, is affected by this recall.

The purpose of this letter is to explain what the recall is about and to keep you informed of Hyundai's recall implementation plan. We are currently developing a safety recall remedy which, when available, will be performed at **NO CHARGE** to you. **We will send you another notification when the remedy is available**

#### What is the problem?

The fuel tank assembly may deform from a damaged check valve. Deformation of the fuel tank can lead to a fuel leak. A fuel leak near an ignition source can increase the risk of a vehicle fire.

#### What should you do in the interim?

We appreciate your patience. Hyundai is currently developing a safety recall remedy to replace the purge control system check valve, inspect/repair the fuel tank and surrounding components, and an update of the Engine Control Unit ("ECU") software as a preventative measure at **NO CHARGE** to you. You will receive a second notification letter when the remedy is available. In the interim, if you experience symptoms such as "Pop" noise from the vehicle rear, illumination of the MIL, the vehicle not starting, or fuel odor, you should seek service at your Hyundai dealer as soon as possible. If you have further questions regarding this recall notice, you can reach out to Hyundai Motor America by calling 1-855-371-9460.

#### Additional information

**If you have any questions or require further assistance, you may contact the Hyundai Customer Care Center at 1-855-371-9460.**

If you believe that the dealer or Hyundai has failed or is unable to remedy the defect without charge, or within a reasonable time, you may submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue S.E., Washington, D.C. 20590, or call the toll-free Vehicle Safety Hot Line at 1-888-327-4236 (TTY: 1-800-424-9153), or go to [www.NHTSA.gov](http://www.NHTSA.gov).

Your safety is our priority. Please follow the safety recommendations in this letter. You will be notified by mail when the recall remedy is available. We apologize for any inconvenience and appreciate your prompt attention to this matter.
