

LONG TERM STORAGE INSPECTION CHECKLIST

Instructions on how to use this sheet **(THIS IS IN ADDITION TO THE STEP 2 NORMAL PDI):**

1. Notate the condition with an "X" in OK, REPAIR/REPLACE or N/A check box
2. Outline the specific issue/attention needed in the "NOTES/RECOMMENDATIONS" section.
3. Look for lot rot/paint damage/rust/corrosion due to vehicle sitting for an extended time.
4. **AFTER filling out, print or save pdf with all signatures and checks below, then proceed to repair recall 7425E. Please repair any warrantable items found during this inspection. Repair, but do not submit warranty claims for non-repairable items (e.g., damage from transit or dealer).**

VEHICLE DETAILS

VIN: _____
