Re.: Forego Owner Notification Letters - Mazda Recall 7625F (NHTSA Campaign Number 25V-413)

Dear Mr. Ansley:

This letter is to inform you that Mazda Motor of America, Inc. dba Mazda North American Operations ("Mazda") intends to forego mailing of owner notification letters to owners affected by recall 7625F (NHTSA Campaign Number 25V-413) launched on June 18, 2025. The two subject vehicles - one currently in dealer inventory under a stop sale order, and the other under Mazda's control - will remain secured at their respective locations until the remedy for this recall becomes available, which is expected by the 4th quarter of 2025 or prior. As these vehicles will remain secured at the end of the 60-day submission requirement pursuant to 49 CFR - Part 577.7, owner notification letters will not be mailed. Accordingly, Mazda is submitting this letter of explanation as a written record. Mazda will reflect the recall completion status of recall 7625F (NHTSA Campaign Number 25V-413) in the first quarterly report.

If you have further questions, please let me know.

Sincerely,
