**DATE:** 09/18/2025

**TO:** My Communication

**SUBJECT:** **SAFETY RECALL NOTICE – STOP DELIVERY:** D25R2

**SAFETY RECALL NOTICE** On **September 11, 2025**, Daimler Truck North America (“DTNA”) filed a Defect Information Report (“DIR”) with the National Highway Traffic Safety Administration (“NHTSA”) and/or a Defect Information Notice (“DIN”) with Transport Canada (“TC”) informing the agencies of our intent to conduct a voluntary safety recall.

It is a violation of Federal law for a dealer or distributor to deliver a new motor vehicle or any new or used item of motor vehicle equipment (including a tire) covered by this notification under a sale or lease until the defect or noncompliance is remedied. **Some of the vehicles subject to this "Stop Delivery Order" may be in your new vehicle inventory.** Until further instructions are available, **new vehicles subject to this “Stop Delivery Order” must be held and not be delivered to customers.**

DTNA strongly recommends that dealers and distributors remedy Recalls before selling used vehicles. For any used vehicle with an open recall not remedied before sale, DTNA requires that the dealer or distributor notify prospective buyers of the open recall.

Please ensure that registration information on vehicles subject to this recall is up to date to facilitate accurate owner notification.

**Affected Vehicles in D25R2:**

Make	Model	Model Yr. Start	Model Yr. End	Prod. Start Date	Prod. End Date
FCCC	S2RV 106 Cab & Chassis	2025	2026	5/16/2024	4/10/2025

WST	49X	2025	2026	7/2/2024	8/25/2025

**Problem:** The front axle tie rod cotter pins may be missing, which can result in the tie rod castle nut coming loose. This may result in a sudden loss of steering control and increase the risk of a crash.
