

STOP SALE NOTICE

FOREST RIVER

SERVICE CAMPAIGN: 001253

FR ID: 501-1994

October 20, 2025

Pursuant to USC49CFR §577.13 – Notification to Dealerships and Distributors – Paragraph B

"It is a violation of Federal Law for a dealer to deliver a new motor vehicle or any new or used item of motor vehicle equipment (including a tire) covered by the notification under a sale or lease until the defect or noncompliance is remedied. Substantial civil penalties apply to violations of this law."

CANADA: Pursuant to the Canadian Motor Vehicle Safety Act, section 5

Companies who sell new non-complying vehicles may be in violation of the Motor Vehicle Safety Act. Substantial penalties apply to violations of this law. This notice is being sent to you in accordance with the requirements of the Motor Vehicle Safety Act. This is to inform you that your vehicle may contain a defect that could affect the safety of a person.

Pursuant to Federal Motor Vehicle Safety Act; 49 CFR Part 573.11; this notice shall serve as a formal

SAFETY RECALL - STOP SALE NOTIFICATION

2025-2026 ALTA 3150KBH AND 3010KBH TRAVEL TRAILERS

DESIGNATED DATE RANGE: 2/20/2025 – 10/3/2025

Forest River has decided that a safety defect exists in certain 2025-2025 Alta 3150KBH and 3010KBH Travel Trailer Recreational Vehicles. Forest River is recalling the defect model(s) to ensure the safety of our future retail consumers and your dealership. Forest River is issuing a Stop Sale Notice effective immediately.

Please access your Home Page on Dealer Connect to verify if your Dealership has units in stock that are subject to this recall. Enter the Service Campaign number referenced above in the "Campaign Search" field, click on the "Campaign ID Number". Next, select "MY VINS". Not all Dealers have units in stock that are affected by this recall.

WHAT IS THE DEFECT?

The axle capacities were changed to 4400 lbs. from 5100 lbs. due to excessive cargo carrying capacity. This condition lists the axle(s) as 5100 lbs. on the Federal Placard whereas the axle(s) should be listed at 4400 lbs. As a result, the Gross Vehicle Weight Rating ("GVWR") and Cargo Carrying Capacity ("CCC") are improperly calculated.

EVALUATION OF RISK:

An operator may unintentionally overload the vehicle as a result of the incorrect GVWR and CCC listed on the Federal Placard. This condition may lead to loss of vehicle control and lead to a crash.

SERVICE PROCEDURE:

Forest River will be sending replacement Federal Placards for all vehicles affected to Dealers for vehicles in their stock inventory.
