

Genesis Motor America (HMA) has launched Remedy Not Available for this recall. An update will be provided once a remedy is available.

As required by federal law, retailers must not deliver new vehicles for sale or for lease to customers until all open recalls have been performed. Retailers must perform all open recalls on used vehicles, demo, and rental vehicles prior to placing them into customer use and whenever an affected vehicle is in the shop for any maintenance or repair.

A. Affected Vehicles:

Certain 2026MY GV70 (JK1A) produced from 04/02/2025 – 04/30/2025

VIN Identification: Use the 'Vehicle Information' screen in WebDCS under the 'Campaign Not Performed' section to determine recall applicability.

Please note that this recall is only for three (3) vehicles and GMA will perform outreach to bring the impacted vehicles into retailers when the remedy is available.

B. Recall Description:

The subject vehicles are equipped with Side Curtain Airbags ("SCAB") that might have been improperly installed, which can potentially result in abnormal airbag deployment during a crash, increasing the risk of injury to occupants.

C. Campaign Document:

Due to only 3 vehicles being impacted, a retailer notification will not be provided.

We appreciate your continued partnership and commitment to our Genesis guests. Thank you for your patience and understanding.
