

Hi <customer name>,

We are reaching out about your Rivian.

Rivian has identified a potential issue with one or both front seat belt D-ring bolts not being properly installed during manufacturing, requiring vehicle inspections. An improperly secured seat belt could increase injury risk in a crash.

Rivian is not aware of any related crashes, injuries, or fatalities related to this condition.

Schedule your free service at your local Rivian Service Center by calling us 24/7 at (855) 748-4265.
