Mfr's Report Date: January 16, 2026

NHTSA Campaign Number: 26V019

Components:

ELECTRICAL SYSTEM: INSTRUMENT CLUSTER/PANEL

Potential Number of Units Affected: 83,877

Problem Description:

Hyundai Motor America (Hyundai) is recalling certain Genesis 2025-2026 G80, GV80, 2026 G80 "Electrified," GV60, GV70 "Electrified" and GV70 vehicles. Due to a software error, the instrument panel display may fail. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) number 101, "Controls and Displays."

Consequence:

An instrument panel display that fails to show critical safety information, such as the speedometer or fuel gauge, increases the risk of a crash.

Remedy:

Owners are advised to disable the high definition (HD) radio feature until the recall remedy has been performed. The audio video navigation software will be updated over-the-air (OTA) or inspected and updated by a dealer, free of charge. Owner notification letters are expected to be mailed March 16, 2026. Owners may contact Genesis customer service at 844-340-9741. Hyundai's number for this recall is 031G. Vehicle Identification Numbers (VINs) involved in this recall became searchable on NHTSA.gov beginning January 17, 2026.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-888-275-9171), or go to www.nhtsa.gov.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

As stated in 49 U.S.C. § 30118(f), submission of eight consecutive quarterly reports followed by three annual reports is required. As described in 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter. The first of three consecutive annual status reports will be due on, or before, 1 year after the eighth quarterly report was submitted.

Hyundai Motor America's contact for this recall will be Emily Smith who may be reached by email at emily.c.smith@dot.gov. We look forward to working with you.

Sincerely,

Alex Ansley
