Please review the following information to ensure that it conforms to your records as this information is being made available to the public. FLY E-BIKE/FLY-10/2022-2024

**Mfr's Report Date:** January 23, 2026

**NHTSA Campaign Number:** 26V035

**Components:**

SERVICE BRAKES

**Potential Number of Units Affected:** 1,835

**Problem Description:**

FWMOTO INC. (FLYE) is recalling certain 2024 FWMOTO FLY-10 and 2022-2024 FLY E-BIKE FLY-10 scooters. The brake pads may provide insufficient braking performance. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) number 122, "Motorcycle Brake Systems."

**Consequence:**

Insufficient braking performance can extend the distance required to stop or cause a loss of vehicle control, increasing the risk of a crash or injury.

**Remedy:**

FLYE will replace the brake pads, free of charge, or repurchase the scooter. Owner notification letters are expected to be mailed March 15, 2026. Owners may contact FLYE customer service at 646-961-5177 or email [support@flyebike.com](mailto:support@flyebike.com).

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-888-275-9171), or go to [www.nhtsa.gov](http://www.nhtsa.gov).

**Please be reminded of the following requirements:**

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

As stated in 49 U.S.C. § 30118(f), submission of eight consecutive quarterly reports followed by three annual reports is required. As described in 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter. The first of three consecutive annual status reports will be due on, or before, 1 year after the eighth quarterly report was submitted.
