Torrance, CA 90501

Subject: Instrument Panel and Rearview Camera Displays May Fail/FMVSS 101,111,305

Dear Michelle Jongkind:

This letter serves to acknowledge Honda (American Honda Motor Co.)'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

HONDA/PROLOGUE/2024
ACURA/ZDX/2024

Mfr's Report Date: February 26, 2026

NHTSA Campaign Number: 26V112

Components:

ELECTRICAL SYSTEM: INSTRUMENT CLUSTER/PANEL
BACK OVER PREVENTION:SOFTWARE

Potential Number of Units Affected: 65,135

Problem Description:

Honda (American Honda Motor Co.) is recalling certain 2024 Acura ZDX and Prologue vehicles. Due to a software error, the instrument panel display may fail. Additionally, a software error may cause the rearview camera to display a blank screen when the vehicle is in reverse. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) numbers 101, "Control and Displays," 111, "Rear Visibility," and 305, "Electric-Powered Vehicles."

Consequence:

An instrument panel display that fails to show critical safety information, such as the speedometer or warning lights, increases the risk of a crash or injury. Additionally, the loss of the rearview camera image can reduce the driver's rear visibility, increasing the risk of a crash or injury.

Remedy:

Dealers will update the vehicle radio control module software, free of charge. Owner notification letters are expected to be mailed April 20, 2026. Owners may contact Honda's customer service at 1-888-234-2138. Honda's numbers for this recall are TNL and XNK. Vehicle Identification Numbers (VINs) involved in this recall will be searchable on NHTSA.gov beginning March 4, 2026.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-888-275-9171), or go to www.nhtsa.gov.

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

As stated in 49 U.S.C. § 30118(f), submission of eight consecutive quarterly reports followed by three annual reports is required. As described in 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter. The first of three consecutive annual status reports will be due on, or before, 1 year after the eighth quarterly report was submitted.

Honda (American Honda Motor Co.)'s contact for this recall will be Debora Crews who may be reached by email at debora.crews@dot.gov. We look forward to working with you.

Sincerely,

Alex Ansley
