Subject: Inoperative Defrosting and Defogging System

Dear Tom Single:

This letter serves to acknowledge Ford Motor Company's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

FORD/EXPLORER/2026
LINCOLN/AVIATOR/2026

Mfr's Report Date: March 31, 2026

NHTSA Campaign Number: 26V202

Components:

VISIBILITY:DEFROSTER/DEFOGGER/HVAC SYSTEM:FAN/MOTOR

Potential Number of Units Affected: 55

Problem Description:

Ford Motor Company (Ford) is recalling certain 2026 Lincoln Aviator and Explorer vehicles. The heating, ventilation and air-conditioning (HVAC) system may fail, which can cause the defrosting and defogging system to become inoperative.

Consequence:

An inoperative windshield defrosting and defogging system may decrease the driver's visibility, increasing the risk of a crash.

Remedy:

Dealers will inspect and secure the instrument panel joints as necessary, free of charge. Owner notification letters are expected to be mailed April 10, 2026. Owners may contact Ford customer service at 1-866-436-7332. Ford's number for this recall is 26S22. Vehicle Identification Numbers (VINs) involved in this recall became searchable on NHTSA.gov beginning April 3, 2026.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-888-275-9171), or go to www.nhtsa.gov.

We have received your proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in 49 U.S.C. § 30118(f), submission of eight consecutive quarterly reports followed by three annual reports is required. As described in 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter. The first of three consecutive annual status reports will be due on, or before, 1 year after the eighth quarterly report was submitted.

Ford Motor Company's contact for this recall will be Dusty Gardner who may be reached by email at dusty.gardner@dot.gov. We look forward to working with you.

Sincerely,

Alex Ansley
