Please review the following information to ensure that it conforms to your records as this information is being made available to the public. **Makes/Models/Model Years:**

WINNEBAGO/SUNFLYER/2026-2027  
WINNEBAGO/SUNCRUISER/2027

**Mfr's Report Date:** April 15, 2026

**NHTSA Campaign Number:** 26V241

**Components:**

EXTERIOR LIGHTING

**Potential Number of Units Affected:** 20

**Problem Description:**

Winnebago Industries, Inc. (Winnebago) is recalling certain 2027 Suncruiser and 2026-2027 Sunflyer motorhomes. The side reflectors may not have been installed. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) number 108, "Lamps, Reflective Devices, and Associated Equipment."

**Consequence:**

Missing reflectors can reduce the visibility of the vehicle to other drivers, increasing the risk of a crash.

**Remedy:**

Dealers will install reflectors, free of charge. Owner notification letters are expected to be mailed June 8, 2026. Owners may contact Winnebago customer service at 1-641-585-6939 or 1-800-537-1885.

Winnebago's number for this recall is 204.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-888-275-9171), or go to [www.nhtsa.gov](http://www.nhtsa.gov).

**Please be reminded of the following requirements:**

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in 49 U.S.C. § 30118(f), submission of eight consecutive quarterly reports followed by three annual reports is required. As described in 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter. The first of three consecutive annual status reports will be due on, or before, 1 year after the eighth quarterly report was submitted.
