Subject: Pressurized Crankcase May Eject Oil

Dear Mike Nixdorf:

This letter serves to acknowledge Harley-Davidson Motor Company's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

HARLEY-DAVIDSON/FLHX/2024-2026
HARLEY-DAVIDSON/FLTRX/2024-2026
HARLEY-DAVIDSON/FLFB/2025-2026
HARLEY-DAVIDSON/FXBR/2025-2026
HARLEY-DAVIDSON/FLHXU/2025
HARLEY-DAVIDSON/FLHXL/2026
HARLEY-DAVIDSON/FLTRXL/2026
HARLEY-DAVIDSON/FLTRT/2026
HARLEY-DAVIDSON/FLHLT/2026

Mfr's Report Date: April 28, 2026

NHTSA Campaign Number: 26V270

Components:

ENGINE AND ENGINE COOLING:EXHAUST SYSTEM:EMISSION CONTROL:CRANKCASE (PCV)

Potential Number of Units Affected: 88,039

Problem Description:

Harley-Davidson Motor Company (Harley-Davidson) is recalling certain 2024-2026 FLTRX, FLHX, 2025-2026 FXBR, FLFB, 2025 FLHXU, 2026 FLTRXL, FLTRT, FLHXL, and FLHLT motorcycles built with an Airbox Baseplate (part number 29000373). The airbox backplate breather port may be blocked, allowing pressure to build up inside the crankcase.

Consequence:

When the dipstick is removed while the crankcase is pressurized, oil may eject from the fill spout, increasing the risk of injury.

Remedy:

Dealers will inspect the breather port, and if the port is blocked, repair the blockage, free of charge. Owner notification letters are expected to be mailed May 11, 2026. Owners may contact Harley-Davidson customer service at 1-800-258-2464. Vehicle Identification Numbers (VINs) involved in this recall became searchable on NHTSA.gov April 16, 2025. Harley-Davidson's number for this recall is 0193.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-888-275-9171), or go to www.nhtsa.gov.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in 49 U.S.C. § 30118(f), submission of eight consecutive quarterly reports followed by three annual reports is required. As described in 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter. The first of three consecutive annual status reports will be due on, or before, 1 year after the eighth quarterly report was submitted.

Harley-Davidson Motor Company's contact for this recall will be DeMara Magruder who may be reached by email at demara.magruder@dot.gov. We look forward to working with you.

Sincerely,

Alex Ansley
