Please review the following information to ensure that it conforms to your records as this information is being made available to the public. Makes/Models/Model Years:
NISSAN/KICKS/2025-2026

Mfr's Report Date: May 21, 2026

NHTSA Campaign Number: 26V331

Components:
ELECTRICAL SYSTEM: INSTRUMENT CLUSTER/PANEL

Potential Number of Units Affected: 51,598

Problem Description:

Nissan North America, Inc. (Nissan) is recalling certain 2025-2026 Kicks vehicles. A software error in the combination meter may cause the screen display to go partially or fully blank. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard number 101, "Control and Displays."

Consequence:

A partial or blank screen display will not show critical safety information such as vehicle speed and warning lights, increasing the risk of a crash.

Remedy:

Dealers will update the combination meter software, free of charge. Owner notification letters are expected to be mailed July 1, 2026. Owners may contact Nissan's customer service at 800-647-7261.

Nissan's number for this recall is PMA66. Vehicle Identification Numbers (VINs) involved in this recall became searchable on NHTSA.gov on May 22, 2026.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-888-275-9171), or go to www.nhtsa.gov.

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

As stated in 49 U.S.C. § 30118(f), submission of eight consecutive quarterly reports followed by three annual reports is required. As described in 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter. The first of three consecutive annual status reports will be due on, or before, 1 year after the eighth quarterly report was submitted.
