Mfr's Report Date: June 10, 2026

NHTSA Campaign Number: 26V381

Components:

FORWARD COLLISION AVOIDANCE: WARNINGS:EXTERNAL/PEDESTRIAN ALERT

Potential Number of Units Affected: 34,136

Problem Description:

Denago EV is recalling certain 2024-2025 Nomad, 2024-2026 Nomad XL, 2026 Scout 2, 2026 Scout 4, 2024-2026 Rover XL, 2024-2026 Rover XXL, and 2024-2026 Rover XL6 vehicles. The vehicles may fail to make pedestrian warning sounds when in motion. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) number 141, "Minimum Sound Requirements for Hybrid and Electric Vehicles."

Consequence:

A vehicle that does not emit sound may fail to alert pedestrians of a moving vehicle, increasing the risk of a crash or injury.

Remedy:

Dealers will provide an acoustic vehicle alerting system remedy kit, free of charge. Owner notification letters are expected to be mailed July 1, 2026. Owners may contact Denago EV's customer service at 1-877-755-2453. Vehicle Identification Numbers (VINs) involved in this recall will become searchable on NHTSA.gov beginning July 1, 2026.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-888-275-9171), or go to www.nhtsa.gov.

Please ensure the following requirements are met:

Risk Identification Not Supplied

Identify and describe the risk to motor vehicle safety related to the defect or noncompliance as required by 49 CFR 573.6 (c)(5). All filings should state an increased risk of either a crash, injury, or fire, and should be provided in an amended Part 573 Recall Report through the NHTSA Recalls Portal.

AMENDED 573 REQUIRED.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

As stated in 49 U.S.C. § 30118(f), submission of eight consecutive quarterly reports followed by three annual reports is required. As described in 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter. The first of three consecutive annual status reports will be due on, or before, 1 year after the eighth quarterly report was submitted.
