NHTSA Campaign Number: 26V413

Components:

POWER TRAIN:AUTOMATIC TRANSMISSION:GEAR POSITION INDICATION (PRNDL)

Potential Number of Units Affected: 7

Problem Description:

Chrysler (FCA US, LLC) is recalling certain 2022-2024 Jeep Grand Cherokee, 2023 Jeep Wagoneer, 2024 Jeep Grand Cherokee L, and Jeep Wagoneer L vehicles. A software error may cause the transmission gear selection indicator not to display. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard number 102, "Transmission shift lever sequence, starter interlock, and transmission braking effect."

Consequence:

A missing gear selection indicator may lead to unintended vehicle movement or a vehicle rollaway, increasing the risk of a crash.

Remedy:

Dealers will update the shifter module software, free of charge. Owner notification letters are expected to be mailed August 21, 2026. Owners may contact Chrysler customer service at 800-853-1403.

Chrysler's number for this recall is 30D. Vehicle Identification Numbers (VINs) involved in this recall will become searchable on NHTSA.gov beginning July 9, 2026.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-888-275-9171), or go to www.nhtsa.gov.

We have received FCA's proposed owner notification letters and they are currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

As described in 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter. The first of three consecutive annual status reports will be due on, or before, 1 year after the eighth quarterly report was submitted.
