Please review the following information to ensure that it conforms to your records as this information is being made available to the public. Mfr's Report Date: July 21, 2026

NHTSA Campaign Number: 26V469

Components:

EQUIPMENT:OTHER:LABELS

Potential Number of Units Affected: 33

Problem Description:

Ember Recreational Vehicles, INC. (Ember) is recalling certain 2027 Overland Series, E-Series, and Touring Series travel trailers. The Federal Certification Label may have the incorrect Vehicle Identification Number (VIN) listed. As such, these vehicles fail to comply with the requirements of 49 CFR Part 567, "Certification."

Consequence:

An incorrect VIN on the label can make it difficult for owners to recognize that their vehicle is involved in a safety recall, increasing the risk of crash or injury.

Remedy:

Dealers will replace the labels, free of charge. Additionally, Ember will mail replacement labels to owners. Owner notification letters are expected to be mailed August 3, 2026. Owners may contact Ember customer service at 1-844-732-4204.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-888-275-9171), or go to www.nhtsa.gov.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

As stated in 49 U.S.C. § 30118(f), submission of eight consecutive quarterly reports followed by three annual reports is required. As described in 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter. The first of three consecutive annual status reports will be due on, or before, 1 year after the eighth quarterly report was submitted.

Ember Recreational Vehicles, INC's contact for this recall will be Kristin Lepper who may be reached by email at kristin.lepper@dot.gov. We look forward to working with you.

Sincerely,

Alex Ansley
