Part 573 Safety Recall Report

26V021

Manufacturer Name: VLRV, LLC (Vanleigh RV)

Submission Date: Jan 19, 2026

NHTSA Recall No.: 26V021

Manufacturer Recall No.: VL-106

Manufacturer Information

Population

Manufacturer Name: VLRV, LLC (Vanleigh RV)

Address: P.O. Box 445
26 Industrial Drive
Burnsville MS, 38833

Total number of potentially involved: 91

Estimated percentage with defect: 100%

Vehicle Information

Vehicle 1: 2023-2023 VANLEIGH AMBITION

Product Category: Trailers

Product Type:

Fuel / Propulsion:

Production Dates: Mar 01, 2022 - Aug 23, 2022

Number of potentially involved: 33

Descriptive Information:

The recall population includes all Ambition models of Vanleigh 5th Wheel Recreational Vehicles. This is the only model built by Vanleigh that contains a 3000 Series Hidden Hinge Ramp door manufactured by Lippert Components, Inc, which is involved in the recall. All other models of recreational vehicles built by Vanleigh do not contain a rear ramp door. Lippert provided purchasing records showing they had shipped 128 doors to Vanleigh RV. Upon review of production and parts records, it was determined that 91 Ambitions were built in 2022 and 2023, 90 of those are retail sold and one has been kept by Tiffin Motorhomes as a demo unit used by the service department. 6 doors are located in an offsite warehouse, these doors will be scrapped due to the recall. Vanleigh parts states that many doors were damaged due to shipping and were scrapped, which will account for the additional 31 doors shipped to Vanleigh by Lippert.

Vehicle 2: 2022-2022 VANLEIGH AMBITION

Product Category: Trailers

Product Type:

Fuel / Propulsion:

Production Dates: Aug 06, 2021 - Apr 05, 2022

Number of potentially involved: 58

Descriptive Information:

Vanleigh parts states that many doors were damaged due to shipping and were scrapped, which will account for the additional 31 doors shipped to Vanleigh by Lippert.

Defect / Noncompliance Description

Description of the defect or noncompliance:

Lippert Components, Inc states that a design issue exists which may allow a 3000 series Hidden Hinge Door to experience a structural failure, particularly when additional dynamic or unanticipated forces are applied during loading or unloading.

FMVSS1:

FMVSS2:

Description of the safety risk, including crash, fire, death, injury:

While loading or unloading of power sport vehicles into the garage area, the door core may disengage from the ramp door frame extrusion leading to an increased risk of personal injury.

Description of the cause:

Lippert Components, Inc states the cause as a design issue in considering additional dynamic forces during loading or unloading of powered sports vehicles.

Identification of any warning that can occur:

There are no warnings.

Component Manufacturer

Tier of Supplier: Tier 1

Supplier Type: OEM

Name: Lippert Components, Inc

Address: 2020 Blakesley Pkwy
Bristol IN, 46507

Country: United States

Part 573 Safety Recall Report

26V021

Involved Components

Component Name 1: Lippert 3000 Series Hidden Hinge Ramp Door

Component Description: 3250 92X97.5 FBK HHB 1000L BKW 47.4384BKACP 4BP 20.125CB 120CL
39.563CB 108CL

Component Part Number: V000653090

Chronology

01/14/2026 Tiffin Motorhomes was notified by Lippert that they had determined a safety defect existed in their 3000 Series Hidden Hinge Ramp Door which Vanleigh RV had used when building the Ambition model of 5th wheel recreational vehicles. Based on the purchasing information provided by Lippert, the population will involve all of the Ambition Model of 5th Wheel RV's produced by Vanleigh RV.

Related NHTSA Recall Number: 26E002

Description of Remedy

Remedy Type: Repair

Consumer Advisories: Do Not Drive Park Outside

Description of remedy program:

Lippert states that the remedy utilizes the original ramp door and the addition of three support brackets to prevent any core separation from the ramp door frame.

How remedy component differs from recalled component:

The remedy utilizes the original door provided and adds three support brackets to the ramp door to prevent the core from separating from the door frame.

Identify how/when recall condition was corrected in production:

Vanleigh RV is no longer building 5th Wheel Recreational Vehicles, but all doors currently stored at parts will be dealt with according to Lippert instructions.

Reimbursement Plan

Manufacturer used general reimbursement plan on file.

Part 573 Safety Recall Report**26V021****Recall Schedule****Description of recall schedule:**

Tiffin Motorhomes will mail letters to customers and dealers that are in possession of the involved recreational vehicles explaining the issue and asking them to take the recreational vehicle to a dealer or a service center so the repair can be completed. This will be done at no cost to the owner.

Planned Dealer Notification Date: Mar 20, 2026 - Mar 20, 2026 No Dealers

Planned Interim Owner Notification Date: No Owners

Planned Remedy Owner Notification Date: Mar 20, 2026 - Mar 20, 2026 Phased Recall

Date when VIN will be searchable: Mar 20, 2026
