Part 573 Safety Recall Report

26V471

Manufacturer Name: Aluminum Trailer Company (ATC)

Submission Date: Jul 22, 2026

NHTSA Recall No.: 26V471

Manufacturer Recall No.:

Manufacturer Information

Population

Manufacturer Name: Aluminum Trailer Company (ATC)

Address: 751 N Tomahawk Trail
Nappanee IN, 46650

Total number of potentially involved: 2

Estimated percentage with defect: 100%

Vehicle Information

Vehicle 1: 2026-2026 ATC RM500

Product Category: Trailers

Product Type: Auto Transporter

Fuel / Propulsion:

Production Dates: Sep 16, 2025 - Sep 16, 2025

Number of potentially involved: 1

Descriptive Information:

Trailers built with a Warn winch wireless remote kit installed.

Products not included in the recall have no warn winch wireless remote kit

Vehicle 2: 2026-2026 ATC RM700

Product Category: Trailers

Product Type: Auto Transporter

Fuel / Propulsion:

Production Dates: Jun 03, 2026 - Jun 03, 2026

Number of potentially involved: 1

Descriptive Information:

Trailers built with a Warn winch wireless remote kit installed.

Products not included in the recall have no warn winch wireless remote kit

Part 573 Safety Recall Report

26V471

Defect / Noncompliance Description

Description of the defect or noncompliance:

wireless receiver modules may be incompatible with certain legacy winches equipped with individual solenoid-type control packs.

This condition may result in:

- Damage to the wireless receiver
- Failure of the winch to stop when commanded

FMVSS1:**FMVSS2:****Description of the safety risk, including crash, fire, death, injury:**

This could increase the risk of unexpected winch operations, potentially resulting in property damage or personal injury.

Description of the cause:

Thermally induced electrical fault when used with some older winches requiring higher current to actuate.

Identification of any warning that can occur:

None

Component Manufacturer

Tier of Supplier:**Supplier Type:**

Name: Warn Industries, Inc.

Address: 12900 Southeast Capps Road
Clackamas OR, 97015

Country: United States

Involved Components

Part 573 Safety Recall Report

26V471

Component Name 1: Warn Winch Wireless Remote Kit

Component Description: Wireless remote kit for truck and utility winches

Component Part Number: 90287

Chronology

Amazon notified ATC on 7/16/2026 that the Warn winch remote kit purchased from them had a safety recall notice.

On 7/16/2026 ATC identified 2 trailers built with the winch remote kits on the recall notice.

On 7/21/2026 spoke with a NHTSA representative to find out if the trailers with the remote kit needed recalled

On 7/21/2026 the decision to file a recall was made

Related NHTSA Recall Number: 26E041

Description of Remedy

Remedy Type: Replace, Reimburse

Consumer Advisories: ☐ Do Not Drive ☐ Park Outside

Description of remedy program:

ATC will notify customers with instructions to:

1. Stop using the wireless remote function immediately if compatibility is uncertain.
 2. Use a wired remote if available.
 3. Visit www.warn.com/remote-recall-info-customers to verify compatibility and register your product.
- The incompatibility of wireless remote kits with older legacy winches and associated risk will be communicated with specific model and serial number ranges identified.

Remedy:

- Replace wireless remote with a compatible wired remote model.
- Reimburse customers who purchased wireless remote for an incompatible winch.

How remedy component differs from recalled component:

Any trailers requiring a winch wireless remote option in the future will have updated purchased components

Identify how/when recall condition was corrected in production:

No recalled inventory is stocked or currently used in production
