

**PENDING WINNEBAGO RECALL# 201**  
**NHTSA# TBD**  
**TRANSPORT CANADA# TBD**

**New Safety Recall / Stop Sale Notification**

---

PLEASE FORWARD THIS INFORMATION TO YOUR RV SALES AND SERVICE MANAGERS.

**Reason for this Safety Recall (NHTSA# TBD)**

Winnebago Motorhomes has decided that a defect related to motor vehicle safety exists on certain:

2024 – 2026 Winnebago Navion  
2024 – 2026 Winnebago View  
2024 – 2026 Winnebago Travato

2024 – 2026 Winnebago Minnie Winnie  
2024 – 2026 Winnebago Spirit

Impacted units will be identified with labor operation code **24011111**. This labor op is for identification purposes only and will be replaced when the recall is activated.

**Critical Safety Advisory: Immediate Action Required**

Dear Valued Dealers,

**Winnebago has decided that a potential safety risk exists in certain Winnebago vehicles equipped with ThermaHeat water tank heating pads. Continued use of these heating pads may result in overheating or fire, increasing the risk of injury or property damage. Effective immediately **DO NOT** operate the heating pads and ensure they are turned **OFF** until further notice.**

Until the remedy is performed, owners are critically advised to take the following actions **immediately**:

1. **Manually switch the physical power button to **OFF** or toggle the heating pads to **OFF** in your WinnConnect Screen. **DO NOT** attempt to turn these heating pads back on.**
2. Look for an upcoming Recall announcement with further instructions coming soon.

**Notice**

It is a violation of Federal Law for a dealer to sell or lease any new vehicles in dealer inventory covered by this notification until the vehicle has been repaired.

Failure to comply with these directions may result in property damage or personal injury. We are treating this issue with the highest priority and will provide additional updates shortly.

To prevent damage to the vehicle's water tanks that may be affected by turning off these heating pads, please empty the grey and black water tanks if the vehicle is exposed to temperatures **below 40 degrees Fahrenheit.**

**It is crucial that you DO NOT attempt to turn these heating pads back on.**

In coordination with our dealers, email notifications will be sent to impacted vehicle owners on 1/17/2026. These notices will mandate the immediate stop-use of water tank heating pads. We are committed to providing dealers with the necessary inspection and repair protocols as soon as they are finalized.

We sincerely apologize for any inconvenience this situation may cause and greatly value your understanding and cooperation as we address this matter effectively.

Thank you for your continued partnership!

Sincerely,

*Winnebago Motorhomes*
