#### \*\*\*\*\* Campaign Summary \*\*\*\*\*

Nissan is committed to the safety and security of our customers and passengers. Nissan has notified the National Highway Traffic Safety Administration (NHTSA) that it is conducting a Voluntary Safety Recall Campaign on certain model year 2025-2026 Nissan Altima, Frontier, Sentra, and Kicks vehicles identified in Service Comm and DBS National Service History.

#### **Condition:**

Potentially affected vehicles may have been equipped with one or more door strikers that were improperly welded during the supplier's manufacturing process. As a result, the door striker wire loop may have insufficient strength and in certain cases could crack and separate from the plate.

If this condition occurs, the door latch may not retain the door as intended while in motion or during a crash, increasing the risk of injury to the vehicle's occupants. Additionally, the door striker may not comply with certain requirements of FMVSS 206; Door Locks and Retention Components.

#### **Remedy:**

Dealers will replace all door strikers with countermeasure parts.

**\*\*\*\* What Dealers Should Do \*\*\*\***

1. Verify if vehicles are affected by this Voluntary Safety Recall Campaign using Service Comm or DBS National Service History Campaign I.D. **PD185 & PMA61**
2. Dealers should not sell, lease, trade, rent or loan any vehicles in dealer inventory subject to this recall campaign until after the vehicle has been remedied. See Policies and Procedures section for more information.
3. Dealers should use the appropriate campaign bulletin to remedy any vehicles subject to this campaign.
4. Once remedied, dealers should submit the claim using the claims coding provided and release the vehicle.

<b>Owner Notification</b>	Nissan will begin sending notifications to owners of all potentially affected vehicles in March 2026, via U.S. Mail.

**\*\*\*\* Dealer Responsibility \*\*\*\***

It is the dealer's responsibility to check Service Comm or DBS National Service History using the appropriate Campaign I.D. for the campaign status on each vehicle falling within the range of this voluntary recall campaign which enters the service department for any reason. This includes vehicles purchased from private parties or presented by transient (tourist) owners as well as vehicles in dealer inventory. If a VIN subject to this recall campaign was part of a dealer trade, the letter associated with that VIN should be forwarded to the appropriate dealer for service completion.
