In the course of continuous product monitoring and internal tests, Automobili Lamborghini S.p.A. has determined that a non-compliance defect that relates to motor vehicle safety exists in certain Revuelto model years 2024 and 2025.

In the affected vehicles, when the driver quickly shifts into reverse within one second right after turning the engine OFF/ON (without the car going to sleep), a software issue may prevent the rear-view camera image from displaying. A rear-view camera image that does not display decreases the driver's visibility, increasing the risk of a crash.

For the reasons listed above, Automobili Lamborghini decided to launch a non-compliance recall campaign to update the cars involved.

In order to further support you in answering questions to your customers, we are attaching the FAQ (Frequently Asked Questions) form.

**Reminder: Vehicles Affected by Safety & Compliance Recalls**

**New Vehicles in Dealer Inventory:** It is a violation of regulatory standards for a dealer to deliver a new motor vehicle, or any new or used item of motor vehicle equipment (including a tire) covered by this notification under a sale or lease until the defect or noncompliance is remedied. Dealers must correct, prior to delivery for sale or lease, any vehicle that fails to comply with an applicable motor vehicle safety standard or that contains a defect relating to motor vehicle safety.
