Please hold your limited inventory for vehicles that are Remedy Status Available (Green Check), have a failure or are sold.

- **Recalls 25V-636 & 26V-056 (B4x):** limited parts will be shipped from the supplier weekly

- **Recall 25V-644 (B58):** no parts will be shipped to the US from CW14 - CW22

During these times of reduced parts supply, we will be limited in our ability to turn additional VINs green.

Schedule customer appointments based on the parts you have in stock.

Larger shipments are anticipated to be in transit at the end of Q2 2026.

Please monitor the Order Restricted Parts page of the Flow Code as order limits will be changed weekly based on availability.
