

SAFETY RECALL 26LA01 (Remedy Notice)

Certain 2025-2026 Model Year LX 600
Loss Of Motive Power While Driving at Higher Speeds
NHTSA Recall No. TBD

STOP **STOP! DO NOT SELL NEW VEHICLES IN DEALER INVENTORY.** **STOP**
Refer to Dealer Inventory Procedures section for more details.

On February 18, 2026, Lexus will file a Defect Information Report (DIR) with the National Highway Traffic Safety Administration (NHTSA) informing the agency of our intent to conduct a voluntary Safety Recall on 2025-2026 model year LX 600 vehicles.

Model / Years	Production Period	Approximate Total Vehicles	Approximate Stop Sale Dealer Inventory
2025-2026 LX 600	Late November 2024 - Early December 2025	4,400	200

Condition

A software issue can allow the transmission to damage itself under certain conditions. This can lead to loss of motive power while driving at higher speeds, which can increase the risk of a crash. It can also lead to a transmission fluid leak that can increase the risk of vehicle fire in the presence of an ignition source.

Remedy

For all involved vehicles, Lexus dealers will update the software in the transmission control computer, free of charge to the guest.

Owner Notification

Mail

Lexus will notify owners by April 2026.

Head Unit Notification

Vehicle Head unit notifications will begin in April 2026.

Lexus App

Vehicles involved in this Safety Recall will be visible in the Lexus App at time of announcement.

Guest Contacts

Guests may contact your dealership with questions regarding the Safety Recall. Please welcome them to your dealership and answer any questions that they may have. A FAQ is provided to assure a consistent message is communicated.

Guest with additional questions or concerns are asked to please contact the Lexus Brand Engagement Center (1-800-255-3987) - Monday through Friday, 8:00 am to 8:00 pm, Saturday 9:00 am to 7:00 pm Eastern Time.

Media Contacts

It is imperative that all media contacts (local and national) receive a consistent message. In this regard, all media contacts must be directed to pressroom.lexus.com.

I. OPERATION FLOW CHART

Op Code	Description	Flat Rate Hours
26LA01R1	Reprogram Transmission ECU	0.6

- The flat rate times include 0.1 hours for administrative cost per unit for the dealership.

Lexus usual guest care amenities apply to this Safety Recall and are subject to the guidelines published in the Lexus Warranty Policy and Procedure Manual and the Safety Recall, Special Service Campaign (SSC), and Limited-Service Campaign (LSC) General Services and Claim Filing Policies and Procedures document on TIS.

- Fill the guest's fuel tank (use sublet type GA).
- Alternative Transportation at a maximum of 3 days and a maximum rate of \$55.00 per day while the vehicle is being remedied (use sublet type RT).
- Pick-up and redelivery of the guest's vehicle (use sublet type DE).
- Car wash (use sublet type CW).
- Remote Repairs (use sublet type RR).

Salvage Title Vehicles

Every attempt should be made to complete an open Safety Recall when circumstances permit, unless noted otherwise in the Safety Recall dealer letter.

Remedy Procedures

Refer to TIS for Technical Instructions on repair. Conduct all non-completed Safety Recalls and Service Campaigns on the vehicle during the time of appointment.

Emissions Repair Procedures for California Dealers

As this Safety Recall includes emission related parts, California dealers are requested to fill out the Vehicle Emissions Recall – Proof of Correction form and affix an Authorized Modification Label to the vehicle after repairs have been completed.

The vehicle owner may require the Proof of Correction form for vehicle registration renewal. *It is important to note that the forms are an official state document and blank forms must be secured to prevent misuse.*

Please complete the form and provide it to the owner. The first non-completed VINs will be submitted to the California state DMV by early September 2026. If the vehicle owner’s warranty claim will not be processed and paid prior to this date, please be sure to complete a form and provide it to a California owner.

Install the Authorized Modifications Label after the repairs have been completed. Using a permanent marker, fill out the label and affix it to the location under the hood as indicated.

Form booklets and Authorization Labels can be ordered from the MDC (Booklet material number 00410-92007, Label material number 00451-00001-LBL).

Technician Training Requirements

The repair quality of covered vehicles is extremely important to Lexus. All dealership technicians performing this repair are required to successfully complete the most current version of the E-Learning course “Safety Recall and Service Campaign Essentials”. To ensure that all vehicles have the repair performed correctly; technicians performing this repair are required have completed the following courses:

- LIC206A - Electrical Repair 1

1-4	"Remedy for (Campaign Designation)"	6	Date Completed
5	Dealer Code	7	Campaign Designation

New Vehicles in Dealership Inventory

There are approximately 200 vehicles in new dealer inventory as of February 17th, 2026.

Under Title 49, Section 30112 of the United States Code, a dealer cannot sell, offer for sale, or introduce or deliver for introduction in interstate commerce a new motor vehicle when it is aware that the vehicle does not comply with an applicable Federal Motor Vehicle Safety Standard or contains a defect related to motor vehicle safety. Further, 49 Code of Federal Regulations §577.13 requires us to provide the following advisory: It is a violation of Federal law for a dealer to deliver a new motor vehicle or any new or used item of motor vehicle equipment (including a tire) covered by this notification under a sale or lease until the defect or noncompliance is remedied.

Lexus reimburses dealers for flooring costs associated with new vehicles held in dealership inventory until the recall remedy becomes available. Lexus reserves the right to withhold or charge-back any flooring reimbursement funds that may have been paid to the dealer if it determines that a new vehicle subject to a safety recall was sold without first being remedied.

Vehicle Safety Recall completion should always be verified through TIS. We request your assistance to ensure involved vehicles are identified and not delivered prior to performing the remedy.

NOTE:

- *New vehicles in dealer inventory subject to a Safety Recall must be remedied before delivery into commerce under a sale or lease. Dealer-to-dealer trades as well as vehicle sales between dealers should not be made until a vehicle is remedied.*
- Dealers can identify if any of their new and used inventory has any open campaigns in the Vehicle Inventory Summary available in Dealer Daily. The Vehicle Inventory Summary may take up to 4 hours to populate information for newly launched campaigns.

[Policy for New Vehicles, L-Certified, Pre-Owned Vehicles and LCCS](#)

Frequently Asked Questions

Q1: Q1. What is the condition?

A1: A software issue can allow the transmission to damage itself under certain conditions. This can lead to loss of motive power while driving at higher speeds, which can increase the risk of a crash. It can also lead to a transmission fluid leak that can increase the risk of vehicle fire in the presence of an ignition source.

Q1a: Are there any symptoms/warnings before the vehicle stall can occur?

A1a: No

Q2. What does the remedy involve?

A2: For all involved vehicles, Lexus dealers will update the software in the transmission control computer, free of charge to the guest.

Q3. How long will the remedy take?

A3: Approximately one hour.

Q4: Which and how many vehicles are covered by this Safety Recall?

A4: There are approximately 4,400 vehicles covered by this Safety Recall.

Model / Years	Production Period	Approximate Total Vehicles
2025 - 2026 LX 600	Late November 2024 - Early December 2025	4,400

Q5: *What if I previously paid for repairs related to this Safety Recall?*

A5: Reimbursement consideration instructions will be provided in the owner letter.

Q6: *How does Lexus obtain my mailing information?*

A6: Lexus uses an industry provider who works with each state's Department of Motor Vehicles (DMV) to receive registration or title information, based upon the DMV records. Please make sure your registration or title information is correct.

Q7: *What if I have additional questions or concerns?*

A7: If you have additional questions or concerns, please contact the Lexus Brand Engagement Center at 1-800-255-3987 Monday through Friday, 8:00 am to 8:00 pm, Saturday 9:00 am to 7:00 pm Eastern Time.

Policies And Procedures

New Vehicles in Dealership Inventory - Reminder

Below is a reminder of the dealer's obligations pertaining to Safety Recalls if there are new vehicles in dealership inventory:

Under Title 49, Section 30112 of the United States Code, a dealer cannot sell, offer for sale, or introduce or deliver for introduction in interstate commerce a new motor vehicle when it is aware that the vehicle does not comply with an applicable Federal Motor Vehicle Safety Standard or contains a defect related to motor vehicle safety. Further, 49 Code of Federal Regulations §577.13 requires us to provide the following advisory: It is a violation of Federal law for a dealer to deliver a new motor vehicle or any new or used item of motor vehicle equipment (including a tire) covered by this notification under a sale or lease until the defect or noncompliance is remedied.

Vehicle Safety Recall completion should always be verified through TIS. We request your assistance to ensure involved vehicles are identified and not delivered prior to performing the remedy.

NOTE: Dealers can identify if any of their new and used inventory has any open campaigns in the Vehicle Inventory Summary available in Dealer Daily. The Vehicle Inventory Summary may take up to 4 hours to populate information for newly launched campaigns.

Pre-Owned Vehicles in Dealer Inventory

To ensure customer satisfaction, Lexus requests that dealers complete this Safety Recall on any used vehicles currently in dealer inventory that are covered by this Safety Recall prior to customer delivery. However, if the campaign cannot be completed (for example, due to remedy parts availability), delivery of a covered vehicle is acceptable if disclosed to the customer that the vehicle is involved in a Safety Recall.

Lexus expects dealers to visit <https://lexus-recall-disclosure.imagespm.info/> and complete a Customer Contact and Vehicle Disclosure Form. Dealers are expected to provide a copy of the completed form, along with the most current FAQ, to the vehicle buyer. Toyota and the dealer may use this information to contact the customer when the remedy becomes available. Keep the completed form on file at the dealership.

NOTE: Dealers can identify if any of their new and used inventory has any open campaigns in the Vehicle Inventory Summary available in Dealer Daily. The Vehicle Inventory Summary may take up to 4 hours to populate information for newly launched campaigns.

Lexus Certified Used Vehicle

The LCertified policy prohibits the certification of any vehicle with an outstanding Safety Recall, Special Service Campaign, or Limited Service Campaign. Thus, no affected units are to be designated, sold, or delivered as a LCertified until all applicable Safety Recalls, Special Service Campaigns, and Limited Service Campaigns have been completed on that vehicle.

LCCS Service Loaners

Lexus requests that dealers remove all LCCS Service Loaner vehicles from service that are covered by a Safety Recall unless the defect has been remedied.

Claim Filing Accuracy and Correction Requests

It is the dealer's responsibility to file claims correctly for this Safety Recall. This claim filing information is used by Lexus for various government reporting activities; therefore, claim filing accuracy is crucial. If it has been identified that a claim has been filed using an incorrect Op Code or a claim has been filed for an incorrect VIN, refer to Warranty Procedure Bulletin [PRO17-03](#) to correct the claim.

Parts Recovery Procedures

All parts replaced as part of this Safety Recall must be turned over to the parts department until appropriate disposition is determined. The parts department must retain these parts until notification via the Parts Recovery System (PRS) is received indicating whether to ship or scrap the parts. These parts are utilized by various departments for defect analysis, quality control analysis, product evaluation, as well as other purposes.

To help minimize dealer storage challenges, Lexus recommends that dealers:

- File the campaign claim accurately and promptly. The time a dealer is required to hold parts is based on when the campaign claim is paid by Lexus.
- Monitor the Warranty Parts Recovery Notifications and Part Scrap Report regularly.

Refer to Warranty Policies [9.3 and 9.6](#) for additional details.

Guest Reimbursement

Reimbursement consideration instructions will be included in the owner letter.
