## **ATTENTION: ALL DEALER PRINCIPALS**

Kia America, Inc., pursuant to the National Traffic and Motor Vehicle Safety Act, is conducting a Safety Recall Campaign regarding loose front seatback(s) in certain 2025 MY Telluride vehicles manufactured from November 1, 2024 through August 8, 2025, equipped with power front seat(s).

Due to improper manufacturing of the power seatback recliner, the front seatback(s) in the subject vehicles may not adequately restrain the occupant in certain rear impact collisions, increasing the risk of injury.

All owners of the subject vehicles will be notified by first-class mail with instructions to bring their vehicles to a Kia dealer. Dealers will inspect and, if necessary, replace the left-hand and/or right-hand front seatback frame assembly.

Your Service Manager was sent a copy of the owner notification letter and a Q&A guide for recall questions both of which describe the issue and information on how to access the list of affected vehicles. Kia will start mailing notices to the affected vehicle owners beginning on **April 24, 2026**.

### **What Should You Do?**
