

[📄 Recall 032G - Front Seat Belt Assemblies - Retailer Notification \(Remedy Not Available\)_\(posted 04.08.26\).pdf](#)

Genesis Motor America (HMA) has launched Remedy Not Available for this recall. An update will be provided once a remedy is available.

A "stop sale" has been issued on affected new vehicles in dealer's inventory. As required by federal law, retailers must not deliver new vehicles for sale or for lease to customers until all open recalls have been performed. Retailers must perform all open recalls on used vehicles, demo, and rental vehicles prior to placing them into customer use and whenever an affected vehicle is in the shop for any maintenance or repair.

A. Affected Vehicles:

Certain 2023-26MY G90 (RS4) vehicles 12/28/2023 – 10/20/2025

Built by Hyundai Motor Company ("HMC") – VIN prefix "KMT"

VIN Identification: Use the 'Vehicle Information' screen in WebDCS under the 'Campaign Not Performed' section to determine recall applicability.

B. Recall Description:

The front seat belt(s) in the subject vehicles may not be sufficiently attached to the seat frame due to a damaged snap-on anchor. An insufficiently attached seatbelt anchor can increase the risk of injury to occupants during a crash.

C. New Stock Vehicles at Retailers:

A list will be provided as soon as possible.

D. Campaign Document:

Retailer Notification

Available on GenesisDealerUSA.com > Service > GMA Tech Info > Service News

E. Important Notes:

- Review if any vehicles are currently at retailer's location in stock. **Do not sell any vehicles identified with an open recall.**
- The remedy is currently in development. An update will be provided once a remedy is available.

We appreciate your continued partnership and commitment to our Genesis guests.

Thank you for your patience and understanding.
