

Message Body:

**Hyundai Motor America (HMA) has launched Remedy Not Available for this recall. An update will be provided once a remedy is available.**

**A “stop sale” has been issued on affected new vehicles in dealer’s inventory. As required by federal law, dealers must not deliver new vehicles for sale or for lease to customers until all open recalls have been performed. Dealers must perform all open recalls on used vehicles, demo, and rental vehicles prior to placing them into customer use and whenever an affected vehicle is in the shop for any maintenance or repair.**

1. Dealer Notification - Available on [Hyundaidealer.com](https://hyundaidealer.com) > Service > HMA Tech Info > Service News

**E. Important Notes:**

1. Review if any vehicles are currently at dealer’s location in dealer stock. Do not sell any vehicles identified with an open recall.
2. The remedy is currently in development. An update will be provided once additional information is available.
3. **NOTE:** HMA recommends that impacted customers be provided with a Service Rental Car until a remedy for this recall becomes available. If an SRC is unavailable, alternative transportation options—such as a third-party rental or rideshare—may be provided.

We appreciate your continued partnership and commitment to our Hyundai customers. Thank you for your patience and understanding.
