

SAFETY RECALL

CAMPAIGN BULLETIN

Driver Airbag Module Voluntary Safety Recall Campaign

Campaign ID: R26A1

Date: July 14, 2026

Attention: Dealer Principal, Sales, Service & Parts Managers

IMPORTANT: It is a violation of Federal law for dealers to sell or deliver new vehicles in their inventory covered by this notification until the campaign's remedy action is performed.

REVISION 2

Please discard earlier versions of this bulletin.

The announcement from May 5, 2026, has been revised to include the following:

- Campaign Bulletin **NTB26-028** has been amended with an updated procedure. Dealers should follow the updated instructions outlined in the amended bulletin.

Affected Models/Years:	Affected Population:	New Dealer Inventory:	SERVICE COMM Activation date:
MY2009-2010 Cube (Z12)	47,928	NA	April 14, 2026

***** Campaign Summary *****

Nissan is committed to the safety and security of our customers and passengers. Nissan has notified the National Highway Traffic Safety Administration (NHTSA) that it is conducting a Voluntary Safety Recall Campaign on certain model year 2009-2010 Nissan Cube vehicles identified in Service Comm and DBS National Service History.

Condition:

In affected driver's airbag inflators, the laser weld of left body bore seal to the inflator base may not be sufficient to maintain the integrity of the inflator during deployment, resulting in potential airbag module detachment from the steering wheel. If this condition occurs, it may increase the risk of injury to the occupant in the event of a crash where driver's airbag deployment is warranted.

Remedy:

Dealers will inspect the inflator serial numbers on all affected vehicles. If the serial number is confirmed to be within the suspect inflator population, the dealer will replace the driver airbag module with a new module from a different supplier.

***** What Dealers Should Do*****

1. Verify if vehicles are affected by this Voluntary Safety Recall Campaign using Service Comm or DBS National Service History Campaign I.D. **R26A1**
2. Dealers should not sell, lease, trade, rent, or loan any vehicles in new dealer inventory subject to this recall campaign until after the vehicle has been remedy. See Policies and Procedures section for more information.

- Dealers should use the appropriate campaign bulletin to remedy any vehicles subject to this campaign.

**** **Release Schedule** ****

Parts & Repair	The remedy procedure and associated parts are now available for this campaign. Please refer to Campaign Bulletin NTB26-028 for detailed remedy instructions.
Owner Notification	Nissan began sending notifications to owners of all potentially affected vehicles in May 2026, via U.S. Mail.

**** **Dealer Responsibility** ****

It is the dealer's responsibility to check Service Comm or DBS National Service History using the appropriate Campaign I.D. for the campaign status on each vehicle falling within the range of this voluntary recall campaign which enters the service department for any reason. This includes vehicles purchased from private parties or presented by transient (tourist) owners as well as vehicles in dealer inventory. If a VIN subject to this recall campaign was part of a dealer trade, the letter associated with that VIN should be forwarded to the appropriate dealer for service completion.

NISSAN NORTH AMERICA, INC.

Total Customer Satisfaction

Policies and Procedures:

New Vehicles in Dealer Inventory

New vehicles in dealer inventory subject to a Safety Recall must be remedied before sale, lease or delivery, including dealer-to-dealer trades or sales.

IMPORTANT

Under Title 49, Section 30112 of the United States Code, a dealer cannot sell, offer for sale, or introduce or deliver for introduction in interstate commerce a new motor vehicle when notice has been given that the vehicle is subject to a safety recall until the remedy is completed.

Nissan Certified Pre-owned

The Nissan CPO policy prohibits the certification of any vehicle with an outstanding Recall or Service Campaign. Thus, no affected units are to be designated, sold, or delivered as a Nissan CPO until all applicable Recalls and Service Campaigns have been completed on that vehicle.

Pre-owned Vehicles in Dealer Inventory

Pre-owned vehicles in dealer inventory subject to a Safety Recall should be remedied before sale, lease, rental, loan, or delivery.

IMPORTANT

Under Title 49, Section 30120 of the United States Code, a "rental company" cannot sell, rent, or lease covered rental vehicles subject to a safety or compliance recall until the remedy is completed. Please consult your legal counsel for legal advice.

State laws may restrict the sale of used vehicles with open safety recalls. Please consult your legal counsel for legal advice.

Frequently Asked Questions (FAQ):

Q. Is this a safety recall?

A. Yes.

Q. Is this a Stop Sale?

A. Yes.

Q. What is the reason for the recall?

A. In affected driver's airbag inflators, the laser weld of left body bore seal to the inflator base may not be sufficient to maintain the integrity of the inflator during deployment, resulting in potential airbag module detachment from the steering wheel.

Q. What is the possible effect of the condition?

A. As a result of the potential improper weld, the airbag module may detach from the steering wheel during airbag deployment. If this condition occurs, it may increase the risk of injury to the occupant in the event of a crash where driver's airbag deployment is warranted.

Q. What will be the corrective action for this voluntary recall campaign?

A. Dealers will inspect the inflator serial numbers on all affected vehicles. If the serial number is confirmed to be within the suspect inflator population, the dealer will replace the driver airbag module with a new module from a different supplier.

Q. How long will the corrective action take?

A. This service, which is conducted at no charge to you for parts and labor, could take up to one (1.0) hour to complete. However, your Nissan dealer may require your vehicle for a longer period of time based upon their work schedule.

Q. When will vehicle owners be notified?

A. Nissan began sending notifications to owners of all potentially affected vehicles in May 2026 via U.S. Mail.

Q. Is my vehicle safe to drive?

A. Owners of potentially affected vehicles who receive an Owner Notification letter from Nissan are encouraged to schedule an appointment to have their vehicles inspected, and, if necessary, repaired as soon as possible upon notification.

Q. Is there anything owners can do to mitigate this condition?

A. No.

Q. Are parts readily available?

A. Yes.

Q. Will a rental vehicle be provided while the dealer is servicing the vehicle?

A. Please consult your dealer for alternate transportation availability while your vehicle is being serviced. Rental is available upon customer request, while parts are on order.

Q. Is there any charge for the repair?

A. No, the remedy will be performed for the customer free of charge for parts and labor.

Q. Will I have to take my vehicle back to the selling dealer to have the service performed?

A. No, any authorized Nissan dealer will be able to perform the recall campaign.

Q. I have lost confidence in the vehicle. Will Nissan replace or repurchase the vehicle?

A. Once the remedy is completed, the condition will be corrected. As the condition will be corrected, there is no basis for repurchasing or replacing your vehicle.

Q. What model year vehicles are involved?

A. Certain model year 2009-2010 Nissan Cube vehicles manufactured between October 10, 2008, and September 25, 2010.

Q. Are you experiencing this condition on any other Nissan (or INFINITI) models?

A. No.
