AUDI DEALER COMMUNICATION

Repair Available – Safety Recall 46P7 / Brake Booster

- This notice is for:** All Dealer Personnel
- Date:** April 17, 2026
- Issue:** The screw connection from the input rod on the brake pedal to the actuator rod on the brake booster was not performed according to manufacturing specifications. Because of this, the screw connection may disconnect. If a complete separation occurs, vehicle braking would only be possible using the emergency braking function, increasing the risk of a crash.
- Precautions:** If the recall condition is present in the vehicle, after applying and releasing the brake pedal the driver may notice an unusual noise or notice that the brake pedal does not return to its original position. In the event of a complete loosening of the screw fitting and the separation of the connection, braking is only possible by using the emergency braking function. Owners are reminded to consult the owner's manual for information regarding the emergency braking function.
- Repair:**
 - REPAIR AVAILABLE – April 17, 2026 - Inspect the pushrod screw joint in the brake booster and, if necessary, torque it to the correct specification.
 - See ELSA and Service References in Elsa2Go for complete repair & claiming instructions
 - Check daily campaign open inventory report or OMD for affected vehicles in inventory
 - Repair every affected inventory vehicle before delivery to consumers.
- Parts Department:** See the campaign circular for complete parts and ordering information.

Country	Beginning Model Year	Ending Model Year	Vehicle	Vehicle Count
USA	2019	2024	E-TRON QUATTRO	14,102
USA	2020	2024	E-TRON SPORTBACK QUATTRO	4,751
CAN	2019	2024	E-TRON QUATTRO	1,106
CAN	2020	2024	E-TRON SPORTBACK QUATTRO	754

**Counts reflect overall population; some vehicles may have already been repaired. Check Campaigns/Actions screen in Elsa on the day of repair to verify that a VIN qualifies for repair under this action. Elsa is the only valid campaign inquiry & verification source.*

- Notes:**
 - Schedule owner repairs immediately
 - Owner mailing – April 2026
 - Loaner/rental coverage – see campaign circular

IMPORTANT REMINDER ON VEHICLES AFFECTED BY SAFETY & COMPLIANCE RECALLS

USA Dealers - New Vehicles in Dealer Inventory: It is a violation of federal law for a dealer to deliver a new motor vehicle or any new or used item of motor vehicle equipment (including a tire) covered by this notification under a sale or lease until the defect or noncompliance is remedied. By law, dealers must correct, prior to delivery for sale or lease, any vehicle that fails to comply with an applicable Federal Motor Vehicle Safety Standard or that contains a defect relating to motor vehicle safety.

Canada Dealers – New Vehicles in Dealer Inventory: Dealers must correct, prior to delivery for sale or lease, any vehicle that fails to comply with an applicable Canadian Motor Vehicle Safety Standard or that contains a defect relating to motor vehicle safety.

Ensure all dealer personnel are aware of this notice so they are able to address customer questions. Contact Warranty if you require additional assistance. Direct press inquiries to Audi Public Relations.

All Dealers - Pre-Owned Vehicles in Dealer Inventory: Dealers should not deliver any pre-owned vehicles in their inventory which are involved in a safety or compliance recall until the defect has been remedied.
