**IMPORTANT SAFETY RECALL INFORMATION #260422REV
MAY 2026
NHTSA #26V264**

**TO: ALL REV RECREATION GROUP DEALER PRINCIPALS,
SERVICE MANAGERS AND PARTS MANAGERS**

**SUBJECT: SAFETY RECALL CAMPAIGN #260422REV – Generator May
Turn On/Off Unexpectedly**

REV Recreation Group, Inc., (RRG) on behalf of its manufacturing center located in Decatur, Indiana, is requesting your assistance in conducting a voluntary recall notification campaign in accordance with the United States National Traffic and Motor Vehicle Safety Act.

REV Recreation Group, Inc. has decided that a safety defect relating to motor vehicle safety exists on certain Model Year 2026 Fleetwood Bounder, Flair, Fortis and Holiday Rambler Admiral and Vacationer brand Class A motorhomes: **It is advised to park the motorhome outside.**

Model Year(s) 2026 Flair
Model Year(s) 2026 Fortis

Manufactured date range

January 27, 2026 – March 02, 2026
February 05, 2026 – February 26, 2026
March 05, 2026

Holiday Rambler Products

Model Year(s) 2026 Admiral
Model Year(s) 2026 Vacationer

Manufactured date range

February 05, 2026
February 26, 2026

We are notifying the owners of the affected vehicles in order to correct the problem outline below. Copies of the U.S. owner notification letters and Service Bulletin are attached for your information.

WHAT IS THE PROBLEM?

On motorhomes affected by this recall campaign, the 7000I Onan/Cummins generator may be susceptible to electrical line noise from the furnace on certain class A gas motor homes. Under normal start-up or shutdown of the RV furnace, an electrical signal may be induced going to the generator control module, turning the generator off or on.

Note: During routine servicing of the generator a risk of injury may result if an un-commanded start up occurs. Also, a risk of carbon monoxide poisoning or death may result if an un-commanded start of the generator occurs while in an enclosure where people are located or animals are kept.

WHAT SHOULD YOU DO?

Stock units must not be sold until the recall has been completed.

Owners of the above-mentioned motorhomes have been asked to contact an authorized RRG dealer to have the defect described remedied.

In the event that you are contacted by a customer, please verify eligibility by referring to the serial number range listed in the attached **Recall Service Bulletin #260422REV** prior to beginning repairs. Contact REV RV Technical Support at (800) 816-9825 for repair authorization, and REV RV Parts at (800) 509-3417 to order replacement parts for this campaign.

Once repairs have been completed according to **Recall Service Bulletin #260422REV**, have the customer sign your dealership's **Internal Repair Order**. Warranty labor claims are to be submitted electronically to REV Recreation Group. **Customers will not be charged for these repairs.**

*If you have one of these vehicles in your inventory, you will be mailed a Safety Recall Notice for that specific motorhome. **REV Recreation Group dealers are required to make repairs to stock units on dealer lots prior to sale or lease.***

Pursuant to USC49CFR §577.13 – Notification to Dealerships and Distributors – Paragraph B “It is a violation of Federal Law for a dealer to deliver a new motor vehicle or any new or used item of motor vehicle equipment (including a tire) covered by the notification under a sale or lease until the defect or noncompliance is remedied. Substantial civil penalties apply to violations of this law.” Any vehicle lessor receiving this recall notice must forward a copy of the notice to the lessee within ten days.

Please carefully review this entire package with your parts and service staff to familiarize them with the step-by-step procedure and implement the Voluntary Recall Campaign.

Thank you for helping REV Recreation Group with its continuing efforts to maintain customer satisfaction. If you have any questions, please contact your REV Recreation Group Service Center.

Sincerely,

REV RECREATION GROUP, INC.
