

IMPORTANT SAFETY RECALL INFORMATION
Safety Recall Campaign 0193
MKE8 Airbox Baseplate Breather

To: Worldwide Dealers

Roles:

Dealer Operator, General Manager, All P&A Roles, All Service Roles, Vehicle Sales Manager

April 30, 2026

Dear Dealer:

Harley-Davidson has learned that the Airbox Baseplate (P/N 29000373) on certain MY24-26 Touring, Softail, and Trike model motorcycles (see table 1 below), built worldwide between 03/06/2023 and 02/26/2026, may have a blocked breather port due to a supplier manufacturing issue. A blocked breather port can result in pressure build-up in the crankcase. If the dipstick is removed while the crankcase is pressurized, and the pressure is not slowly released before removing the dipstick, oil may be discharged from the fill spout, creating a risk of injury. Accordingly, we have voluntarily declared that this condition constitutes a safety defect to allow us to formally recall all affected motorcycles.

The remedy is to first confirm that the motorcycle is covered by this recall. If covered, perform the recommended recall update per Service Bulletin M1729 (the "Bulletin") which will be released today. Note: a recall kit is not required to complete the recall update. The Bulletin outlines the repair and credit procedures for the recall update and additional relevant information.

In the interest of our customers' safety, and as required by federal law, you may sell but **not deliver** any affected motorcycles until the recall remedy is complete. **Please refer to *H-Dnet / My Toolbox / Warranty Campaign Center*. Select "Safety Campaign Open VIN list," then separately select "0193" Campaigns to view the VIN lists.**

In accordance with federal regulations administered by the National Highway Traffic Safety Administration (NHTSA) and other appropriate market-specific government agencies, Harley-Davidson or authorized Harley-Davidson dealers will provide notice to all owners of record of affected products with direction to arrange for the recall service.

If you have any questions related to this recall, you can contact us at:

- U.S. dealers: Call 800-664-7762 and select the appropriate prompts
- International dealers: Contact their regional office

We take pride in the quality standards and controls we employ in our drive to lead the industry and deliver the world's best motorcycles. Thank you for your cooperation.

Sincerely,

Harley-Davidson Motor Company, Inc.
