New Safety Recall Advanced Communication – 43D

FCA US LLC (FCA US) has announced a safety recall on certain 2023 through 2026 Model Year (DJ) Ram 2500 Rebel and Warlock pickups equipped with a 6.7L diesel engine (sales codes ETL and ETM) and tire sales code TKN. Also 2026 Model Year (DJ) Ram 2500 Warlock pickups equipped with 6.4L gasoline engine (sales code ESL) and tire sales code TKN.

REASON FOR THIS SAFETY RECALL

Some of the above vehicles may have been built with a vehicle speed calibration that can exceed the maximum tire speed rating. A vehicle that can exceed the tire speed rating can reduce tire integrity which can result in compromised vehicle control. Compromised control of the vehicle can cause a vehicle crash without prior warning.

SERVICE ACTION

FCA US will conduct a voluntary safety recall to reprogram the Powertrain Control Module (PCM). The remedy for this condition is not currently available. Dealers will be notified of the launch of this safety recall by way of established communication methods. This recall is estimated to launch in 2nd Quarter of 2026.

We ask that you please take the time to ensure that your personnel are aware of this communication and are prepared to execute a customer friendly process for inquiries regarding involved vehicles.
