URGENT - DISTRIBUTE IMMEDIATELY

Date: May 15, 2026

Subject: Stop Delivery Order – Reduction of Population
Safety Recall N262554630

Models: 2025-2026 Cadillac Escalade
2025-2026 Cadillac Escalade ESV
2025-2026 Chevrolet Suburban
2025-2026 Chevrolet Tahoe
2025-2026 GMC Yukon
2025-2026 GMC Yukon XL

STOP DELIVERY ORDER

On May 14, 2026, GM ordered a stop delivery of certain 2025-2026 model year Cadillac Escalade and Escalade ESV, Chevrolet Suburban, and Tahoe, and GMC Yukon, and Yukon XL vehicles. **VINs were erroneously included in the initial population. These VINs have been removed from the recall.** The attached revised list provides the Vehicle Identification Number (VIN) of all involved vehicles in new inventory or in-transit to the dealership. If your dealership's BAC is not listed, then none of the involved vehicles are currently assigned to you and no further action is required.

GM's service information and certain accessory brake kits specified incorrect bolts for these wheels. Dealers may have used incorrect bolts to install an accessory brake package or service the front wheel-hub bearings on these vehicles. The bolts may loosen or deform over time.

Until further instructions are received, involved vehicles that are in dealers' possession (new or used vehicle inventory) must be held and not delivered to customers, dealer-traded, released to auction, used for demonstration purposes, or any other dealer use. All GM Certified Used vehicles currently in the dealers' inventory within the Certified Pre-Owned Inventory System (CPOIS) will be de-certified.

Instructions for releasing the involved vehicles from this stop delivery will be provided in the near future.
