Safety Recall Alert

To:	Dealer Principals Service Managers Warranty Managers Parts Managers	Region:	<input checked="" type="checkbox"/> U.S. <input checked="" type="checkbox"/> CAN <input type="checkbox"/> MEX <input type="checkbox"/> Export	Bulletin: RVXX2606 Date: 05/29/2026 Valid to: N/A Action Required? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
From:	Product Safety & Certification Department			
Subject:	Safety Recall RVXX2606 Wheel Mounting Interference			

Description of Defect:

Certain MY 2026-2027 Volvo VN, VNL(4), VNR(4), VHD and VAH vehicles may have masking material from a painting process present between the wheels and axle hubs. This may cause the wheel lug nuts to loosen as the material compresses. **Owners will be notified and strongly recommended not to drive their vehicles until recall repairs have been completed.**

A wheel and tire assembly that detaches from a vehicle while driving may lead to loss of vehicle control or create a hazard to other road users, increasing the risk of a crash or injury.

Models/ Model Years Affected:

Certain MY 2026-2027 VN, VNL(4), VNR(4), VHD and VAH model vehicles manufactured from 6/16/2025, through 5/21/2026.

Vehicle Quantities:

180 (155 US, 25 Canada)

Dealer's Responsibility:

The National Traffic and Motor Vehicle Safety Act and Canadian Motor Vehicle Safety Act require dealers to ensure that all new and used vehicles are free of safety defects and comply with all relevant safety standards at the time of delivery to the consumer.

Dealers should make their personnel aware of the safety recall. In the event that a dealer has a vehicle included in the safety recall in their inventory to be sold, the condition must be corrected before releasing it to a customer.

Release Schedule:

- Vehicle list will be posted on the Trucks Dealer Portal 5/29/2026.
- Owner notification letters will be released on or before 5/29/2026.
- Repair instruction will be released once they are available.

If you have questions or concerns about this recall, contact the Regulatory Affairs Department at vtna.regulatoryaffairs@volvo.com.
