

New Safety Recall Advanced Communication – 62D

FCA US LLC (FCA US) has announced a safety recall on certain 2026 model year (DT) Ram 1500 Pickup trucks.

VINs identified as being involved in this campaign are currently live and searchable.
Stop sale is in effect for the above-identified vehicles.

Vehicles impacted by a stop sale are eligible for reimbursement allowance through the Recall Floorplan Reimbursement Policy (RFPRP), which can be requested upon recall claim submission.

IMPORTANT: Some of the involved vehicles may be in dealer new vehicle inventory. Federal law requires you to complete this recall service on these vehicles before retail delivery. Violation of this requirement by a dealer could result in a civil penalty of up to \$27,874 per vehicle. Involved vehicles can be determined by using the VIP inquiry process.

REASON FOR THIS SAFETY RECALL

Some of the above vehicles with premium headlamp assemblies which may have been produced with internal harness connector terminals that were not fully connected, may turn off the Parking Lamps and/or Daytime Running Lamps (DRLs). Parking lamps and DRLs which turn off or flicker when not intended may reduce the conspicuity of the vehicle which may cause a vehicle crash without prior warning.

The condition described above does not comply with Federal Motor Vehicle Safety Standard (FMVSS) No. 571.108 S6.1.1 referencing Table I requires subject vehicles to be equipped with DRLs and Parking Lamps that are steady burning when activated. Suspect vehicles may illuminate the DRLs and Parking Lamps intermittently.

SERVICE ACTION

FCA US will conduct a voluntary safety recall on all affected vehicles to inspect, and if necessary, replace the headlamp assembly. The remedy for this condition is not currently available. Dealers will be notified of the launch of this safety recall by way of established communication methods.

We ask that you please take the time to ensure that your personnel are aware of this communication and are prepared to execute a customer friendly process for inquiries regarding involved vehicles.
