From Erik Blank, Manager of Auto Campaigns and Recalls

Subject Stop Sale/Safety Recall: 2018-2020 Odyssey Rearview Camera

DATE: July 2, 2026

TO: All Honda Sales, Service & Parts Managers, and Personnel

FROM: Erik Blank, Manager of Auto Campaigns and Recalls

Re: Stop Sale/Safety Recall: 2018-2020 Odyssey Rearview Camera

On July 1, 2026, American Honda notified NHTSA of a **stop sale** and **safety recall** for certain 2018-2020 Odyssey vehicles. Due to improper manufacturing, cracks may develop in the rearview camera assembly, allowing water to enter. This condition may cause the rearview camera image to not display when the vehicle is in the reverse gear, increasing the risk of a back-up collision or injury. **Refer to your eResponsibility report or perform an iN VIN status inquiry to determine which units in your inventory are affected.**

REPAIR

Replace the rearview camera.

PARTS

Parts will be available for normal ordering at launch through WARP.

TOOLS

There are no new special tools needed for this recall.

SERVICE BULLETIN

Service Bulletin 26-092, *Safety Recall: 2018–20 Odyssey Rearview Camera* has posted to the Service Information System (SIS) as of July 2, 2026. It includes parts, repair, and warranty claim information related to this recall.

This recall replaces two 2020 actions (Service Bulletins 20-050 and 20-060). Vehicles not yet repaired and those previously repaired are now covered under Service Bulletin 26-092. As of July 2, 2026, 20-050 and 20-060 have expired, and all repairs must follow the procedures outlined in 26-092.

CUSTOMER NOTIFICATION

American Honda expects to begin customer notifications in late August 2026.

As always, be sure to perform an iN VIN status inquiry for all vehicles passing through your dealership to determine eligibility for any open campaigns.
