***** Campaign Summary *****

INFINITI is committed to the safety and security of our clients and passengers. INFINITI has notified the National Highway Traffic Safety Administration (NHTSA) that it is conducting a Voluntary Safety Recall Campaign on certain model year 2011-2027 INFINITI QX56/QX80 vehicles identified in Service Comm and DBS National Service History.

Condition:

On certain affected QX56/QX80 vehicles with 22-inch wheels, the Certification Label may have been printed with the incorrect Gross Axle Weight Rating (GAWR) values. This incorrect value may not comply with Federal Motor Vehicle Safety Standard (FMVSS) No. 110.

Remedy:

INFINITI will mail the corrected, non-VIN specific labels directly to affected owners, along with instructions for label installation.

******* What Retailers Should Do *******

1. Verify if vehicles are affected by these Voluntary Recall Campaigns using Service Comm or DBS National Service History – Open Campaign I.D. R26B2 and P6A14
2. Retailers should not sell, lease, trade, rent or loan any vehicles in retailer inventory affected by this recall campaign until after the vehicle has been remedied. See Policies and Procedures section for more information.
3. Retailers should use the appropriate campaign bulletin to remedy any vehicles subject to this campaign.

******* Release Schedule *******

Owner Notification	INFINITI will begin sending notifications to owners of all potentially affected vehicles in September 2026 via U.S. Mail.

******* Retailer Responsibility *******

It is the retailer's responsibility to check Service Comm or DBS National Service History – Open Campaign using the appropriate Campaign I.D. for the campaign status on each vehicle falling within the range of this voluntary safety recall campaign, which for any reason enters the service department. This includes vehicles purchased from private parties or presented by transient (tourist) owners and vehicles in retailer inventory. If a VIN subject to this recall campaign was part of a retailer trade, the letter associated with that VIN should be forwarded to the appropriate retailer for service completion.
