Safety Recall Launch Notification - Wave 2

October 23, 2026

Campaign #	NHTSA ID	Description	
2026080004	26V481	26P7291007	Replace Driver Door Lock

Campaign Details

Total Recall Population	3,504 (Wave 1) + 771 (Wave 2) = 4,275	**Model(s)/ Platform(s)**	C-Class, GLA/GLB, GLC (206, 247, 254)
Vehicles in Dealer Inventory	365		
Model Year(s)	2023-2026		
Issue	Mercedes-Benz AG ("MBAG"), the manufacturer of Mercedes-Benz vehicles, has determined that on certain MY23-26 C-Class (206 Platform), GLA/GLB (247 platform) and GLC (254 platform) vehicles, the housing material for the door-lock microswitch might be more susceptible to moisture permeation. Over time, this might lead to corrosion on the microswitch and subsequently to the failure of the component. Upon such a failure, the microswitch might not detect when the door is opened. The microswitch failure does not affect the operation of the door lock itself. Should the microswitch fail on the driver door, the electronic parking brake and/or the "Auto-Park" feature connected to the driver door opening might not engage automatically. As a result, the vehicle might not be secured against rollaway and the vehicle might move, which could increase the risk of a crash.		
What We're Doing	MBUSA will conduct a voluntary recall. An authorized Mercedes-Benz dealer will replace the driver door lock on the affected vehicles.		
Remedy	The remedy part(s) is available and can be ordered at this time.		
Launch Date	Affected Wave 2 VINs will be flagged in VMI as "OPEN" on Friday, October 23, 2026. The campaign will be visible on the www.NHTSA.gov website and may generate questions from customers.		
Approximate Customer Notification Date	Friday, November 06, 2026 Final customer letter can be found at MBUSA.com/recall or NHTSA.gov at the time of mailing.		
Warranty Claim Notice	Please note the campaign will close after the warranty claim has been submitted. This change can take at least one-day to reflect in NetStar VMI.		

Mercedes-Benz USA, LLC A Mercedes-Benz Group AG Company

Given this recall notice, it is a violation of federal law for a dealer to sell or lease any new vehicle in dealer inventory covered by this recall notification until the vehicle has been repaired. Violations of federal law may result in civil penalties.

- Loaner and demonstrator vehicles may continue to be driven, but must not be retailed until repaired.
- Once the remedy is available, vehicles will be flagged as "OPEN" and Work Instructions will be available.
- As a matter of normal service process, please check for other repair measures that might be applicable to the vehicle(s).

Additionally, given this recall notice, it is a violation of federal law for car rental companies to rent vehicles covered by this recall notification until the vehicle has been repaired. Violations of federal law may result in civil penalties.

While we regret any inconvenience this may cause, MBUSA is determined to maintain a high level of vehicle quality and customer satisfaction. Please refer all customer inquiries to the Customer Care Center at 1-800-FOR-MERCEDES.
