GRAND DESIGN RECREATIONAL VEHICLES

IMPORTANT SAFETY RECALL
NHTSA 26v-354

August 27, 2026

To: All Grand Design RV Dealers

Grand Design RV has determined that a safety defect exists in certain 2027 Grand Design RV Imagines equipped with factory-installed inverter prep wiring may have oversized breakers installed. These units were built on 6/24/2026. A recall to address this issue was initiated effective 8/27/2026 This action is a companion recall to Lippert recall 26E-032.

Description of the Defect Affected units are equipped an inverter prep circuit that has breakers that are oversized for the wiring installed. Until the breakers and labels are replaced, it is important not to install an inverter on that circuit.

Remedy On affected vehicles, dealers will replace the 2 breakers already installed, and the label on the distribution panel. There will be no charge for this service. The required repair instructions are attached to this letter and posted to the GDRV dealer portal.
