

GENERAL MOTORS

DCS7545

URGENT - DISTRIBUTE IMMEDIATELY

Date: July 30, 2026

Subject: N262562600 - Safety Recall
Potential Battery Fire

Models: 2026 Cadillac ESCALADE IQ
2026 Cadillac ESCALADE IQL
2026 Chevrolet Silverado EV
2026 GMC Sierra EV

General Motors is releasing Safety Recall N262562600 today. The total number of U.S. vehicles involved is 10.

What Should Dealers Do: Dealers should review IVH, or the Dealer Maxis reports for open VINs in their inventory. Dealers can view the attached bulletin, and it will also be displayed in Service Information tomorrow.

For vehicles that require part number 24071569, please hold ordering parts until August 3, 2026. All other part numbers can be ordered immediately.

The Stock VIN list of vehicles in dealer inventory or in-transit is attached to this message. Note: this list is only accurate at the time of report creation and all VINs should be validated in IVH prior to repair.

For dealers with involved vehicles, a listing has been prepared and will be available through GM Global Connect Maxis Field Action Reports or GWM Field Action Batch Search Report. The Inventory tab of the dealer reports will contain VINs that apply to this field action. This information is intended to assist dealers with the **PROMPT COMPLETION** of these vehicles. The Customer In-Service tab will contain customer names and addresses from Motor Vehicle Registration Records. The use of such motor vehicle registration data for any purpose other than follow-up necessary to complete this field action may be a violation of law in several states.
