Subject	STOP SALE NOTICE: VT750/1300 #1 Fuel Pump Malfunction Safety Recall						

Dear Honda Dealers,

Honda is issuing a **STOP SALE NOTICE** on **CERTAIN 2024-2025 VT750 and 2023-2025 VT1300** motorcycles. Due to a manufacturing defect, the fuel pump can malfunction, potentially causing the engine to stall and/or fail to start, increasing the risk of a crash or injury.

AFFECTED UNITS

Certain NEW or USED 2024-2025 VT750 and 2023-2025 VT1300 motorcycles:

- To search for applicable recalls on a specific unit, you **MUST** use *Unit Information* on *iN*, available September 28, 2026.
- To manage your affected inventory, use your dealer *eResponsibility Report* on *iN*, available September 28, 2026.

SERVICE BULLETIN

Service bulletin VT750/1300 #1, which includes all information relating to this Safety Recall, will be revised in November 2026 to include all parts and repair information. Dealers will be notified by *iN*message.

PARTS INFORMATION

The parts needed for the repair are currently unavailable. VT750C/S parts are expected in November 2026, VT750CBS/C2B parts are expected in January 2027, and VT1300 parts are expected in April 2027. Dealers will be notified by *iN* message, and the service bulletin will be revised when parts become available.

CUSTOMER NOTIFICATION

American Honda intends to mail customer letters to all owners of affected motorcycles in November 2026. Customers will be informed that their motorcycle is affected by this safety-related defect and to make an appointment with an authorized Honda dealer to have their unit repaired.

Make sure all departments in your dealership are aware of this Safety Recall.
