

October 14, 2026

SAFETY RECALL NOTICE: 26V-652

TO: All E-ONE Dealers

E-ONE has decided that a safety defect exists in certain E-ONE CYCLONE 2, CYCLONE N & TYPHOON N vehicles manufactured from October 2024 through September 2026 equipped with Bussbar with Wire Harness. Accordingly, a recall to address this issue is being initiated effective October 14, 2026.

The Bussbar attached to the wire harness may overheat. This defect can cause the Bussbar to overheat, posing thermal burn and fire hazards. There is a potential risk for property damage and personal injury. The occupants in the cab may experience what smells like plastic burning.

Owners will be notified by mail about the recall and will be instructed to contact the Dealer to get the repairs performed. E-ONE will furnish a new Wire Harness with Bussbar to be installed on the affected trucks. The estimated repair time to replace the Wire Harness with Bussbar is 2 hours. There is no cost to owners for this recall.

E-ONE is providing, free of charge, the necessary components and instructions to rectify the issue and will pay labor costs for inspecting and replacing the included components that have not already been replaced during normal maintenance.

Please be reminded that it is a violation of Federal law for you to sell, lease or deliver a new or used CYCLONE 2, CYCLONE N & TYPHOON N equipped with Bussbar with Wire Harness covered by this notification until this recall has been performed on these CYCLONE 2, CYCLONE N & TYPHOON N. Substantial civil penalties apply to violations of this law.

Your assistance with this recall is appreciated. Should you have any questions or concerns, please contact E-ONE Customer Service at (352) 237-1122.

Sincerely,

Leroy Stephens
